TABLE OF CONTENTS

(Continued from previous page)

On September 23, 2021, Otis announced its intention to acquire all of the issued and outstanding shares of Zardoya Otis, S.A. (“Zardoya”) not owned by Otis or its subsidiaries in an all-cash voluntary tender offer at a price of €7.00 per share in cash and delist Zardoya from the Madrid, Barcelona, Bilbao and Valencia stock exchanges (the “Tender Offer”). The price per share to be paid in the Tender Offer was adjusted to €6.93 as a result of the dividend paid by Zardoya on October 11, 2021. The Issuer intends to use the net proceeds of the offering of the Notes to purchase shares of Zardoya, whether pursuant to the Tender Offer or otherwise, and to pay fees and expenses in connection therewith. If the Tender Offer and Otis’ purchase of shares of Zardoya do not ultimately require all of the offering proceeds, Otis will determine how such proceeds may be used going forward; such uses may include, but are not limited to, general corporate purposes, acquisitions or the repayment of debt.

The Issuer currently expects, shortly after consummation of the offering, to contribute as equity a portion of the net proceeds of the offering to Opal Spanish Holdings, S.A.U. (“Opal”), Otis’ indirect, wholly-owned subsidiary conducting the Tender Offer, and lend Opal the balance of the net proceeds. Subject to the terms and conditions thereof, the consummation of the Tender Offer will occur after the completion of this offering. The Tender Offer is not contingent on the offering of the Notes described in this prospectus supplement, nor is the offering of the Notes described in this prospectus supplement contingent on the Tender Offer. See “Summary—Recent Developments—Tender Offer for Zardoya”, “Use of Proceeds” and “Cautionary Note Regarding Forward-Looking Statements.”

Each series of Notes constitutes a new issue of securities for which there is no established trading market. We intend to apply to list the Notes on the New York Stock Exchange (the “NYSE”). The listing application will be subject to approval by the NYSE. If such a listing is obtained, we have no obligation to maintain it, and we may delist the Notes at any time. Currently, there is no public market for the Notes.

Recent Developments

Tender Offer for Zardoya

On September 23, 2021, Otis announced its intention to acquire all of the issued and outstanding shares of Zardoya not owned by Otis or its subsidiaries, at a price of €7.00 per share in cash and delist the shares of Zardoya from the Madrid, Barcelona, Bilbao and Valencia stock exchanges. The transaction is structured as an all-cash voluntary tender offer by Otis' wholly-owned subsidiary, Opal. The price per share to be paid in the Tender Offer was adjusted to €6.93 as a result of the dividend paid by Zardoya on October 11, 2021. As of September 30, 2021, Otis indirectly owns 50.02% of the issued and outstanding shares of Zardoya. The value of the issued and outstanding shares of Zardoya not owned by Otis as of September 30, 2021 is €1.63 billion based on the Tender Offer price of €6.93.

Headquartered in Madrid, Spain, Zardoya is a premier elevator original equipment and service business with operations in Spain, Portugal and Morocco. Its product portfolio comprises vertical and horizontal transportation systems as well as moving walkways and accessibility products. In addition, it offers a range of maintenance programs and a remote elevator monitoring system for optimizing elevator performance. Based on Zardoya's published financial statements, which have been prepared in accordance with International Financial Reporting Standards endorsed by the European Union (IFRS-EU), Zardoya generated revenue of €801 million and EBITDA of €223 million, representing an EBITDA margin of 28%, for the twelve months ended May 31, 2021. Depending on the number of Zardoya shares purchased by Otis, annual cash outflows for dividend payments are expected to decrease by up to €70 million resulting in increased cash available for use on an annual basis.

This Zardoya IFRS-EU information has been prepared by, and is the responsibility of, Zardoya's management. PricewaterhouseCoopers LLP has not audited, reviewed, examined, compiled nor applied agreed-upon procedures with respect to the Zardoya IFRS-EU information and, accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto. The PricewaterhouseCoopers LLP report incorporated by reference in this prospectus supplement relates to the consolidated financial statements included in Otis' Annual Report on Form 10-K for the year ended December 31, 2020. It does not extend to the Zardoya IFRS-EU information and should not be read to do so.

The Tender Offer is subject to, among other things, approval by the *Comisión Nacional del Mercado de Valores*, which is the Spanish government agency responsible for the regulation of Spanish securities markets. We may purchase shares of Zardoya pursuant to the Tender Offer or outside of the Tender Offer, subject to compliance with applicable law. Subject to the terms and conditions thereof, the consummation of the Tender Offer will occur after the completion of this offering. The Tender Offer is not contingent on the offering of the Notes described in this prospectus supplement, nor is the offering of the Notes described in this prospectus supplement contingent on the Tender Offer. We expect, but can provide no assurance, that the Tender Offer will close in the second quarter of 2022, if at all.

In connection with the Tender Offer, on September 22, 2021, Otis entered into a Bridge Loan Credit Agreement (the "Bridge Credit Facility"), as guarantor, with Opal, as borrower, the lenders from time to time party thereto and Morgan Stanley Senior Funding, Inc., as administrative agent. The Bridge Credit Facility provides Opal with a €1.65 billion term loan facility. Loans under the Bridge Credit Facility will be available in euros beginning on the settlement date of the Tender Offer (the "Tender Offer Closing Date") and thereafter during the commitment period of the Bridge Credit Facility. Commitments under the Bridge Credit Facility will terminate on the earliest to occur of (a) 12 months from the signing date, (b) the voluntary termination in full of all commitments under the Bridge Credit Facility by Opal, (c) the date on which the Tender Offer is irrevocably refused by the Spanish regulator or withdrawn by Opal or (d) the date immediately following the date after which Opal owns 100% of Zardoya. The Bridge Credit Facility will mature 364 days after the Tender Offer Closing Date. The Bridge Credit Facility provides that, subject to certain exceptions, net cash proceeds received by Otis and certain of its subsidiaries from certain sales of assets, equity issuances and debt incurrences, including the issuance of Notes, shall, during the commitment period, result in mandatory prepayments or commitment reductions under the Bridge Credit Facility. See "Use of Proceeds" in this prospectus supplement and "Cautionary Note Regarding Forward-Looking Statements" in the accompanying prospectus.

Guarantee	Otis will fully and unconditionally guarantee to each holder of the Notes and to the Trustee (as defined below) the full and punctual payment when due, whether at stated maturity, by acceleration, by redemption or otherwise, of all obligations of Highland under the Indenture and the Notes, whether for payment of principal of, or interest on or premium, if any, on, the Notes and all other monetary obligations of Highland under the Indenture and the Notes (Otis’ guarantee of each such series, a “Parent Guarantee” and, collectively, the “Parent Guarantees”). The Notes will not be guaranteed by any of Otis’ or the Issuer’s subsidiaries. See “Description of the Notes—Guarantee.”
Currency of Payment	Payments of principal, interest and Additional Amounts, if any, in respect of the Notes or the Parent Guarantees, as applicable, will be payable in euros. If the euro is unavailable to the Issuer or Otis due to the imposition of exchange controls or other circumstances beyond the Issuer’s or Otis’ control, then all payments in respect of the Notes or Parent Guarantees, as

Optional Redemption	<p>applicable, will be made in U.S. dollars until the euro is again available to the Issuer or Otis or so used. See “Description of the Notes—Issuance in Euro.”</p> <p>At any time, and from time to time, prior to the Par Call Date (as defined in “Description of the Notes—Optional Redemption”) in respect of a series of Notes, the Issuer may redeem Notes of such series, in whole or in part, at the redemption price described in “Description of the Notes—Optional Redemption.”</p> <p>At any time on or after the Par Call Date in respect of a series of Notes, the Issuer may redeem Notes of such series, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest, if any, on the principal amount of Notes being redeemed to, but excluding, the redemption date (each such redemption, a “Par Call”).</p>
Redemption for Tax Reasons	<p>We may redeem the Notes at our option, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, together with any accrued and unpaid interest on the Notes to be redeemed to, but excluding, the redemption date, at any time, in the event of certain changes affecting the tax laws of Luxembourg, the United States or another relevant taxing jurisdiction as described under “Description of the Notes—Redemption for Tax Reasons.”</p>
Additional Amounts	<p>Subject to certain exceptions and limitations, we will pay to certain beneficial owners of Notes Additional Amounts (as defined in “Description of the Notes—Additional Amounts”) in the event that withholding or deduction for certain taxes is required under the laws of Luxembourg, the United States or another relevant taxing jurisdiction with respect to payments on the Notes, as described under “Description of the Notes—Additional Amounts.” Any such Additional Amounts on the Notes will be paid in euros.</p>
Ranking	<p>The Notes will be the Issuer’s unsecured, unsubordinated obligations, and will:</p> <ul style="list-style-type: none"> • rank equally in right of payment with all of the Issuer’s existing and future unsecured and unsubordinated indebtedness, liabilities and other obligations; • rank senior in right of payment to all of the Issuer’s future indebtedness that is subordinated to the Notes; • be effectively subordinated in right of payment to all of the Issuer’s future secured indebtedness, to the extent of the value of the assets securing such indebtedness; and • be structurally subordinated in right of

payment to all existing and future indebtedness, liabilities and other obligations of the Issuer’s subsidiaries.

The Parent Guarantees will be Otis’ unsecured, unsubordinated obligations, and will:

- rank equally in right of payment with all of Otis’ existing and future unsecured and unsubordinated indebtedness, liabilities and other obligations;
- rank senior in right of payment to all of Otis’ future indebtedness that is subordinated to the Parent Guarantees;
- be effectively subordinated in right of payment to all of Otis’ future secured indebtedness, to the extent of the value of the assets securing such indebtedness; and
- be structurally subordinated in right of payment to all existing and future indebtedness, liabilities and other obligations of Otis’ subsidiaries (other than, by virtue of the Issuer’s obligations as issuer of the Notes, the Issuer).

Use of Proceeds

We anticipate that we will receive approximately €1,593,370,000 in net proceeds from the offering of the Notes, after deducting underwriting discounts but before deducting other offering expenses. The Issuer intends to use the net proceeds of the offering of the Notes to purchase shares of Zardoya, whether pursuant to the Tender Offer or otherwise, and to pay fees and expenses in connection therewith through its direct wholly-owned subsidiary, Opal. The Issuer currently expects, shortly after consummation of the offering, to contribute as equity a portion of the net proceeds of the offering to Opal and lend Opal the balance of the net proceeds. If the Tender Offer and Otis’ purchase of shares of Zardoya do not ultimately require all of the offering proceeds, Otis will determine how such proceeds may be used going forward; such uses may include, but are not limited to, general corporate purposes, acquisitions or the repayment of debt.

Certain of the underwriters or their affiliates have made commitments to provide Opal with the Bridge Credit Facility in an aggregate amount of up to €1.65 billion in connection with the Tender Offer. The net proceeds from this offering will result in mandatory prepayments or commitment reductions under the Bridge Credit Facility. See “Underwriting.”

Change of Control

Upon the occurrence of a Change of Control Triggering Event, unless the Issuer has exercised its right to redeem the Notes by giving irrevocable notice on or prior to the 30th day after the Change of Control

	<p>Triggering Event in accordance with the Indenture, each holder of the Notes will have the right to require the Issuer to purchase all or a portion of such holder’s Notes pursuant to an offer as described in “Description of the Notes—Change of Control Offer,” at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to, but excluding, the Change of Control Payment Date. See “Description of the Notes—Change of Control Offer.”</p>
Certain Covenants	<p>The Indenture will include covenants that, among other things, limit Otis’ ability and the ability of Otis’ Wholly-Owned Domestic Manufacturing Subsidiaries to create, incur, issue or assume any indebtedness secured by any mortgage, lien, encumbrance, or security interest on any Principal Properties and to enter into sale and leaseback transactions (in each case, as defined in “Description of the Notes”) with respect to Principal Properties and limit Otis’ and the Issuer’s ability to consolidate with or merge into any other person or convey, transfer, or lease all or substantially all of the Issuer’s or Otis’ properties and assets to any person. These covenants are subject to a number of important qualifications and limitations. See “Description of the Notes.”</p>
Trustee and Securities Registrar	<p>The Bank of New York Mellon Trust Company, N.A.</p>
Paying Agent	<p>The Bank of New York Mellon, London Branch</p>
Denomination and Form	<p>We will issue the Notes in the form of one or more Global Notes (as defined in “Description of the Notes—Book-Entry, Delivery and Form”) registered in the name of a nominee of, and deposited with, a common depository for Clearstream Banking S.A. (“Clearstream”) and Euroclear Bank SA/NV (“Euroclear”).</p> <p>Beneficial interests in the Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in Clearstream or Euroclear. Except in the limited circumstances described in this prospectus supplement, owners of beneficial interests in the Notes will not be entitled to have Notes registered in their names, will not receive or be entitled to receive Notes in definitive form and will not be considered holders of Notes under the Indenture.</p> <p>The Notes will be issued in minimum denominations of €100,000 and any integral multiple of €1,000 in excess thereof.</p>
Listing and Trading	<p>Each series of the Notes constitutes a new issue of securities for which there is no established trading markets. We have applied to list the notes on the NYSE. Neither we nor Otis has an obligation to maintain such listing, and we may delist the Notes at</p>

Risk Factors	<p>any time. Neither we nor Otis can provide you with any assurance regarding the liquidity of any trading market for the Notes that develops, the ability of holders of the Notes to sell their Notes or the prices at which holders may be able to sell their Notes.</p> <p>In deciding whether to purchase the Notes, you should carefully consider the information set forth herein under “Risk Factors” on page S-8 of this prospectus supplement, and “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2020, which is incorporated by reference herein, before making an investment decision.</p>
Governing Law	<p>The Notes and the Indenture will be governed by and construed in accordance with the laws of the State of New York. The provisions of articles 470-1 to 470-19 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended (the “Luxembourg Companies Act 1915”) are not applicable to the Notes. No holder of any Notes may initiate proceedings against the Issuer based on article 470-21 of the Luxembourg Companies Act 1915.</p>

RISK FACTORS

An investment in the Notes involves risks. You should carefully consider the risks and uncertainties described in this prospectus supplement and the accompanying prospectus, including the risk factors set forth in the documents and reports filed with the SEC that are incorporated by reference in this prospectus supplement and in the accompanying prospectus, such as the risk factors under “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2020, and in our Quarterly Report on Form 10-Q for the nine-month period ended September 30, 2021, which are incorporated by reference herein and are on file with the SEC, before you make an investment decision pursuant to this prospectus supplement and the accompanying prospectus. Otis’ and its subsidiaries’ business, financial condition, operating results and cash flows can be impacted by the factors set forth below and in such documents and reports. In this “Risk Factors” section, “Otis,” refers to Otis Worldwide Corporation and any successor obligor and not to any of its subsidiaries. In this “Risk Factors” section, the “Issuer” or “Highland,” refers to Highland Holdings S.à r.l. and any successor obligor and not to any of its subsidiaries.

Risks Related to the Notes

In addition to the indebtedness that will be issued in this offering, Otis and its subsidiaries have significant outstanding indebtedness, including outstanding notes and commercial paper, and significant unused borrowing capacity under the Revolving Credit Facility and the Bridge Credit Facility. The terms of the Revolving Credit Facility, the Bridge Credit Facility, the Existing Indenture and the Indenture will, and the terms of any future indebtedness may, restrict the activities of Otis and its subsidiaries.

On February 10, 2020, Otis and its wholly-owned subsidiary, Otis Intercompany Lending Designated Activity Company, as borrowers, entered into a credit agreement providing for a \$1.5 billion unsecured, unsubordinated five-year revolving credit facility (the “Revolving Credit Facility”). As of September 30, 2021, there were no amounts outstanding under the Revolving Credit Facility.

On February 27, 2020, Otis issued \$5.3 billion in debt securities pursuant to the Indenture, dated as of February 27, 2020, between Otis and The Bank of New York Mellon Trust Company, N.A. (as supplemented, the “Existing Indenture”), the net proceeds of which were distributed to United Technologies Corporation prior to the Separation.

As of September 30, 2021, Otis had an aggregate of \$1.5 billion unsecured, unsubordinated commercial paper programs in place with no commercial paper outstanding.

On March 11, 2021, Otis issued ¥21.5 billion Japanese Yen denominated (approximately \$194 million as of September 30, 2021), unsecured, unsubordinated five-year notes due March 2026 pursuant to the Existing Indenture. The proceeds from the issuance of the Japanese Yen-denominated notes were used to repay a portion of Otis’ outstanding Euro-denominated commercial paper.

In connection with the Tender Offer, on September 22, 2021, Otis entered into the Bridge Credit Facility, as guarantor, with Opal, as borrower, the lenders from time to time party thereto and Morgan Stanley Senior Funding, Inc., as administrative agent. The Bridge Credit Facility provides Opal with a €1.65 billion term loan facility.

The Revolving Credit Facility, the Bridge Credit Facility and the Existing Indenture impose, and the Indenture will impose, restrictions on Otis and certain subsidiaries, including certain restrictions customary for financings of these types that, among other things, limit the ability to incur additional liens, to make certain fundamental changes and to enter into sale and leaseback transactions. In addition, the Revolving Credit Facility and Bridge Credit Facility require Otis to comply with a maximum consolidated total net debt to EBITDA leverage ratio. The Revolving Credit Facility, Bridge Credit Facility and the Existing Indenture contain, and the Indenture will contain, events of default customary for financings of these types.

The ability of Otis and its subsidiaries, as applicable, to comply with such restrictions and covenants may be affected by events beyond their control. If Otis or its subsidiaries, as applicable, breaches any of these restrictions or covenants and does not obtain a waiver from the lenders or holders, as applicable, then, subject to the applicable cure periods and conditions, any outstanding indebtedness under the Revolving Credit Facility, the Bridge Credit Facility, the Existing Indenture or the Indenture, as applicable, could be declared immediately due and payable. Otis and its subsidiaries may incur significantly more indebtedness in the future by drawing under the Revolving Credit Facility, the Bridge Credit Facility or otherwise.

The Indenture will not limit Otis' and Otis' subsidiaries' indebtedness, prevent dividends or generally prevent highly leveraged transactions, and there will be no financial covenants in the Indenture. As a result, Otis and its subsidiaries, including Highland, may incur additional debt, which could increase the risks associated with Otis' and Highland's debt.

Neither Otis nor any of Otis' subsidiaries will be restricted from incurring additional unsecured debt or other liabilities, including additional unsubordinated debt, under the Indenture. If Highland incurs additional debt or liabilities, its ability to pay its obligations on the Notes could be adversely affected. If Otis incurs additional debt or liabilities, Otis' ability to pay its obligations on the Parent Guarantees could be adversely affected. Otis and its subsidiaries expect that they will from time to time incur additional debt and other liabilities. In addition, Otis and its subsidiaries are not restricted under the Indenture from paying dividends or issuing or repurchasing their respective securities. Otis paid a cash dividend of \$0.20 per share on March 10, 2021, and cash dividends of \$0.24 per share on June 10 and September 10 of 2021, and expects to pay quarterly dividends in the future.

On April 27, 2020, our Board of Directors authorized a share repurchase program for up to \$1 billion of Common Stock. At September 30, 2021, the maximum dollar value of shares that may yet be purchased under this current program was approximately \$275 million. Under this program, shares may be purchased on the open market, in privately negotiated transactions, under accelerated share repurchase programs or under plans complying with Rules 10b5-1 and 10b-18 under the Exchange Act. As a result of the increased debt anticipated to fund the Tender Offer, we expect to suspend share repurchases through 2022.

There are no financial covenants in the Indenture. Except for the covenants described in "Description of the Notes," there are no covenants or any other provisions in the Indenture that may afford you protection in the event of a highly leveraged transaction, including one that may or may not result in a change of control of Otis or its subsidiaries.

Upon the occurrence of a Change of Control Triggering Event with respect to a series of Notes, unless the Issuer exercised its right to redeem the Notes of such series by giving irrevocable notice on or prior to the 30th day after the Change of Control Triggering Event in accordance with the Indenture, each holder of the Notes of such series will have the right to require the Issuer to purchase the Notes of such series as described under "Description of the Notes—Offer to Purchase Upon Change of Control Triggering Event." However, the Change of Control Triggering Event provisions will not afford you protection in the event of certain highly leveraged transactions that may adversely affect you. For example, any leveraged recapitalization, refinancing, restructuring or acquisition initiated by Otis generally will not constitute a Change of Control that would potentially lead to a Change of Control Triggering Event. As a result, Otis could enter into any such transaction even though the transaction could increase the total amount of its outstanding indebtedness, adversely affect its capital structure or credit rating or otherwise adversely affect the holders of the Notes. If any such transaction were to occur, the value of the Notes could decline.

Servicing Otis' and Highland's indebtedness requires a significant amount of cash and Otis and Highland may not generate sufficient cash flow from their businesses to pay such indebtedness.

As of September 30, 2021, Otis had \$5.499 billion in aggregate principal amount of outstanding long-term debt and \$38 million in aggregate principal amount of outstanding short-term debt. As of September 30, 2021, Highland had no outstanding external debt.

Otis' and Highland's ability to make scheduled payments of the principal of, to pay interest on or to refinance their indebtedness, including the Notes, depends on their future performance, which is subject to economic, financial, competitive and regulatory factors, as well as other factors beyond their control. Their cash flow from operations in the future may be insufficient to service Otis' and Highland's indebtedness because of factors beyond their control. If Otis and Highland are unable to generate the necessary cash flow, Otis and Highland may be required to adopt one or more alternatives, such as selling assets, restructuring debt or obtaining additional equity capital on terms that may be onerous or highly dilutive. Otis' and Highland's ability to refinance their indebtedness will depend on the capital markets and their financial condition at such time. Otis and Highland may not be able to engage in any of these activities or engage in these activities on desirable terms, which could result in a default on Otis' or Highland's debt obligations.

The Issuer may not have sufficient cash to purchase the Notes upon a Change of Control Triggering Event.

As described under "Description of the Notes—Offer to Purchase Upon Change of Control Triggering Event," the Issuer will be required to offer to purchase all of the Notes upon the occurrence of a Change of

TABLE OF CONTENTS

Control Triggering Event. The Issuer may not, however, have sufficient cash at that time or have the ability to arrange necessary financing on acceptable terms to purchase the Notes under such circumstances. In addition, the Issuer's ability to purchase the Notes for cash may be limited by law or the terms of other agreements relating to its debt outstanding at the time. If the Issuer were unable to purchase the Notes upon the occurrence of a Change of Control Triggering Event, it would result in an event of default under the Notes.

An increase in market interest rates could result in a decrease in the relative value of the Notes.

In general, as market interest rates rise, notes bearing interest at a fixed rate decline in value because the premium over market interest rates, if any, will decline. Consequently, if you purchase the Notes and market interest rates increase, the market value of your Notes may decline. Otis and Highland cannot predict the future level of market interest rates.

Changes in Otis' credit ratings or those assigned to the Notes may adversely affect the value of the Notes.

Any ratings assigned to the Notes could be lowered, suspended or withdrawn entirely by the rating agencies if, in each rating agency's judgment, circumstances warrant. Actual or anticipated changes or downgrades in Otis' credit ratings or those assigned to the Notes, including any announcement that Otis' ratings are under further review for a downgrade, could affect the market value of the Notes.

You may not be able to sell your Notes if an active trading market for the Notes does not develop.

Each series of the Notes constitutes a new issue of securities, for which there is no existing trading market. Although Highland and Otis intend to have the Notes listed on the NYSE, neither the Issuer nor Otis can assure you that the Notes will be listed or remain listed. Neither the Issuer nor Otis has an obligation to maintain such listing, and the Issuer may delist the Notes at any time. The underwriters have advised us that they currently intend to make a market in the Notes. However, the underwriters are not obligated to do so, and any market-making with respect to the Notes may be discontinued. If an active trading market does not develop or is not maintained, you may find it difficult or impossible to resell the Notes. Further, there can be no assurance as to the liquidity of any market that may develop for the Notes, your ability to sell such Notes or the price at which you will be able to sell the Notes. Future trading prices of the Notes will depend on many factors, including prevailing interest rates, the Issuer's and Otis' financial condition and results of operations, the then-current ratings assigned to the Notes and the markets for similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

- Otis' and the Notes' credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by other companies similar to Otis and its subsidiaries;
- Otis' and the Issuer's financial condition, financial performance, operating results, cash flows and future prospects; and
- the overall condition of the financial markets.

The Otis Board of Directors has broad discretion to determine that a property is not a Principal Property and therefore not subject to certain covenants in the Indenture.

The Indenture will include covenants that, among other things, limit Otis' ability and the ability of its Wholly-Owned Domestic Manufacturing Subsidiaries to create, incur, issue or assume any indebtedness secured by any mortgage, lien, encumbrance or security interest on and enter into sale and leaseback transactions with respect to Principal Properties, subject to certain important qualifications and limitations. The Indenture provides that a Principal Property means any manufacturing plant or warehouse, together with the land upon which it is erected and fixtures comprising a part thereof, owned or leased by Otis or any of its Wholly-Owned Domestic Manufacturing Subsidiaries and located in the United States, the gross book value (without deduction of any reserve for depreciation) of which on the date the determination as to whether a property is a Principal Property is being made, is an amount which exceeds 1% of the consolidated net total assets of Otis and its consolidated subsidiaries, subject to certain exceptions. Under the terms of the Indenture, the Otis Board of Directors may determine from time to time after the issuance of the Notes that any such property is not a Principal Property, and, therefore, such property is not subject to the covenants in the Indenture.

The Notes will be guaranteed by Otis, but will not be guaranteed by any of the Issuer’s or Otis’ subsidiaries, and the Notes and the Parent Guarantees will be structurally subordinated to any existing or future preferred stock, indebtedness, guarantees and other liabilities of the Issuer’s and Otis’ subsidiaries, respectively (other than, by virtue of the Issuer’s obligations as issuer of the Notes, the Issuer in the case of the Otis’ subsidiaries).

The Notes will be guaranteed by Otis, but will not be guaranteed by any of Otis’ or the Issuer’s subsidiaries. The Parent Guarantees will be obligations exclusively of Otis. As a result, the Notes and the Parent Guarantees will be structurally subordinated to existing or future preferred stock, indebtedness, guarantees and other liabilities, including trade payables, of the Issuer’s and Otis’ subsidiaries, respectively (other than, by virtue of the Issuer’s obligations as issuer of the Notes, the Issuer in the case of the Parent Guarantees). The Indenture will not restrict Otis or its subsidiaries (including the Issuer) from incurring substantial additional indebtedness in the future.

As of September 30, 2021, Otis’ subsidiaries had \$38 million of outstanding short-term external indebtedness and no outstanding long-term external indebtedness. As of September 30, 2021, the Issuer’s subsidiaries had \$27.4 million of outstanding short-term indebtedness and no outstanding external long-term indebtedness.

Otis’ subsidiaries are separate and distinct legal entities from Otis, the Issuer’s subsidiaries are separate and distinct legal entities from the Issuer, and such subsidiaries have no obligation to pay any amounts due on the Notes or the Parent Guarantees or to provide the Issuer or Otis with funds to meet the respective payment obligations on the Notes or the Parent Guarantees (other than, by virtue of the Issuer’s obligations as issuer of the Notes, the Issuer in the case of the Parent Guarantees). Any payment of dividends, loans or advances by Otis’ or the Issuer’s subsidiaries could be subject to statutory or contractual restrictions and will be contingent upon the subsidiaries’ earnings and business considerations. The Issuer’s right to receive any assets of any of its subsidiaries and Otis’ right to receive any assets of any of its subsidiaries upon their bankruptcy, liquidation, or similar reorganization, and, therefore, the rights of the holders of the Notes and the Parent Guarantees to participate in those assets, will be structurally subordinated to the claims of such subsidiaries’ creditors, including trade creditors, and all existing and future indebtedness and other liabilities of such subsidiaries (other than, by virtue of the Issuer’s obligations as issuer of the Notes, the Issuer in the case of the Parent Guarantees).

Otis’ credit ratings may not reflect all risks of your investment in the Notes.

Any credit ratings assigned or that will be assigned to the Notes are limited in scope, and do not address all material risks relating to an investment in the Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies, if, in such rating agency’s judgment, circumstances so warrant.

Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency’s rating should be evaluated independently of any other agency’s rating. Actual or anticipated changes or downgrades in Otis’ credit ratings, including any announcement that Otis’ ratings are under further review for a downgrade, could affect the market value of the Notes and increase Otis and its subsidiaries corporate borrowing costs.

The Issuer may choose to redeem the Notes of certain series prior to maturity.

The Issuer may redeem some or all of the Notes at any time and from time to time. See “Description of the Notes—Optional Redemption” and “Description of the Notes—Redemption for Tax Reasons.” Although the Notes contain provisions designed to compensate you for the lost value of such Notes if the Issuer redeems some or all of such Notes prior to maturity, such provisions only approximate this lost value and may not adequately compensate you. Furthermore, depending on prevailing interest rates at the time of any such redemption, you may not be able to reinvest the redemption proceeds in a comparable security (including with comparable ratings) at an interest rate as high as the interest rate of the Notes being redeemed or at an interest rate that would otherwise compensate you for any lost value as a result of any redemption of Notes.

Luxembourg bankruptcy laws may be different than U.S. and other bankruptcy and insolvency laws.

As a company incorporated and existing under the laws of Luxembourg and with its registered office in Luxembourg, the Issuer is subject to Luxembourg insolvency and bankruptcy laws in the event any insolvency

proceedings are initiated against it. If the Issuer is unable to pay its indebtedness, including its obligations under the Notes, then the Issuer may become subject to bankruptcy or reorganization proceedings in Luxembourg. Luxembourg bankruptcy law is significantly different from, and may be less favorable to creditors than, the bankruptcy law in effect in the United States and may make it more difficult for creditors to recover the amount they could expect to recover in liquidation under U.S. insolvency and bankruptcy rules.

Foreign Exchange Risks Related to Euro Notes

Investing in the Notes entails significant risks not associated with a similar investment in a security denominated in the home currency.

All payments of interest, Additional Amounts (if any) and principal, including payments made upon any redemption of the Notes, will be made in euro. An investment in the Notes, which are denominated in, and all payments in respect of which are to be made in, a currency other than the currency of the country in which a purchaser is resident or the currency in which a purchaser conducts its business or activities (the “home currency”), entails significant risks that are not associated with a similar investment in a security denominated in the home currency. These risks include, without limitation, the possibility of significant changes in rates of exchange between the home currency and the euro, the possibility of the imposition or modification of foreign exchange controls with respect to the euro and tax consequences for you as a result of any foreign exchange gains resulting from an investment in the Notes. These risks generally depend on economic and political events over which Otis and Highland have no control. In recent years, rates of exchange for certain currencies have been highly volatile and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations in such rate that may occur during the term of any Note. Depreciation of the euro against the relevant home currency could result in a decrease in the effective yield of such euro Note below its interest rate and, in certain circumstances, could result in a loss to the investor on a home currency basis. If you are a U.S. holder (as defined in “Material U.S. Federal Income Tax Considerations to U.S. Holders”), see “Material U.S. Federal Income Tax Considerations to U.S. Holders” for a summary of certain U.S. federal income tax considerations relevant to the purchase, ownership and disposition of the Notes, related to the Notes being denominated in euro. This description of foreign currency risks does not describe all the risks of an investment in securities denominated in a currency other than the home currency. You should consult with your own financial and legal advisors as to the risks involved in an investment in the Notes.

The Notes and the Parent Guarantees permit Highland and Otis to make payments in U.S. dollars if they are unable to obtain euros.

If the euro is unavailable to Highland or Otis due to the imposition of exchange controls or other circumstances beyond Highland’s or Otis’ control, then all payments in respect of the Notes or Parent Guarantees, as applicable, will be made in U.S. dollars until the euro is again available to Highland or Otis or so used. The amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second Business Day (as defined in “Description of the Notes”) prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then-most recent U.S. dollar/euro exchange rate published in the *Wall Street Journal* on or prior to the second Business Day prior to the relevant payment date or, in the event the *Wall Street Journal* has not published such exchange rate, the rate will be determined by Otis in its sole discretion on the basis of the most recently available market exchange rate for euro. See “Description of the Notes—Issuance in Euro.” Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the Indenture.

In a lawsuit for payment on the Notes or the Parent Guarantees, an investor may bear currency exchange risk.

The Indenture and the Notes will be, governed by the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the Notes or the Parent Guarantees would be required to render the judgment in euro. However, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the Notes or the Parent Guarantees, investors would bear currency exchange risk until a New York state court judgment is entered, which could be a long time. A federal court in New York presiding over a dispute arising in connection with the Notes or the Parent Guarantees may apply the foregoing New York law, or in certain circumstances, may render the judgment in U.S. dollars.

TABLE OF CONTENTS

In courts outside of New York, investors may not be able to obtain a judgment in a currency other than U.S. dollars. For example, a judgment for money in an action based on the Notes or the Parent Guarantees in many other U.S. federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date used to determine the rate of conversion of euro into U.S. dollars would depend upon various factors, including which court renders the judgment and when the judgment is rendered.

Trading in the clearing systems is subject to minimum denomination requirements.

The terms of the Notes provide that the Notes will be issued with a minimum denomination of €100,000 and multiples of €1,000 in excess thereof. It is possible that the clearing systems may process trades, which could result in amounts being held in denominations smaller than the minimum denominations. If definitive Notes are required to be issued in relation to such Notes in accordance with the provisions of the relevant Global Notes, a holder who does not have the minimum denomination or any integral multiple of €1,000 in excess thereof in its account with the relevant clearing system at the relevant time may not receive all of its entitlement in the form of definitive Notes unless and until such time as its holding satisfies the minimum denomination requirement.

The Global Notes are held by or on behalf of Euroclear and Clearstream, and, therefore, holders of the Notes will have to rely on their procedures for transfer, payment and communication with us.

The Notes will be represented by the Global Notes, which will be held with a common depository for Euroclear and Clearstream. Except in certain limited circumstances, holders of the Notes will not be entitled to receive certificated Notes in exchange for interests in the Global Notes. While the Notes are represented by the Global Notes, holders of the Notes will be able to trade their beneficial interests only through Euroclear and Clearstream. The Issuer will discharge its payment obligations under the Notes and Otis will discharge its payment obligations under the Parent Guarantees by making payments to or to the order of the common depository for Euroclear and Clearstream for distribution to their accountholders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream to receive payments under the Notes. Otis and Highland have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the Notes. Instead, such holders will be permitted to act directly only to the extent that they are enabled in accordance with the procedures of Euroclear and Clearstream to appoint appropriate proxies. See “Description of the Notes—Book-Entry, Delivery and Form.”

Risks Relating to Our Pending Tender Offer of Zardoya

The completion of the Tender Offer is subject to a number of conditions and uncertainties.

The Tender Offer is subject to the approval of the *Comisión Nacional del Mercado de Valores*, which is the Spanish government agency responsible for the regulation of Spanish securities markets, and other uncertainties. Zardoya shareholders may not tender their shares or there may be competing offers. We may not be able to obtain permanent financing on terms acceptable to us or realize certain cost and operational efficiencies and other expected benefits. If we are unable to complete the Tender Offer or the permanent financing on the anticipated terms, time frame, or at all, the anticipated benefits may not be realized fully or at all, or may take longer to realize than expected.

CURRENCY CONVERSION

Payments of principal, interest and Additional Amounts, if any, in respect of the Notes or the Parent Guarantees, as applicable, will be payable in euros. If the euro is unavailable to Highland or Otis due to the imposition of exchange controls or other circumstances beyond Highland's or Otis' control, then all payments in respect of the Notes or the Parent Guarantees, as applicable, will be made in U.S. dollars until the euro is again available to Highland or Otis or so used. The amount payable on any date in euros will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second Business Day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then-most recent U.S. dollar/euro exchange rate published in the *Wall Street Journal* on or prior to the second Business Day prior to the relevant payment date or, in the event the *Wall Street Journal* has not published such exchange rate, the rate will be determined by Otis in its sole discretion on the basis of the most recently available market exchange rate for euro. Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the Indenture. Neither the Trustee nor the Paying Agent will have any responsibility for any calculation or conversion in connection with the foregoing. See "Description of the Notes—Issuance in Euro."

On October 29, 2021, the U.S. dollar/euro exchange rate was \$1.1552 = €1.00, as announced by the U.S. Federal Reserve Board on November 1, 2021.

Investors will be subject to foreign exchange risks as to payments of principal and interest that may have important economic and tax consequences to them. See "Risk Factors—Foreign Exchange Risks Related to Euro Notes."

USE OF PROCEEDS

We anticipate that we will receive approximately €1,593,370,000 in net proceeds from the offering of the Notes, after deducting underwriting discounts but before deducting other offering expenses. The Issuer intends to use the net proceeds of the offering of the Notes to purchase shares of Zardoya, whether pursuant to the Tender Offer or otherwise, and to pay fees and expenses in connection therewith through its direct wholly-owned subsidiary, Opal. The Issuer currently expects, shortly after consummation of the offering, to contribute as equity a portion of the net proceeds of the offering to Opal, Otis' indirect, wholly-owned subsidiary conducting the Tender Offer, and lend Opal the balance of the net proceeds. If the Tender Offer and Otis' purchase of shares of Zardoya do not ultimately require all of the offering proceeds, Otis will determine how such proceeds may be used going forward; such uses may include, but are not limited to, general corporate purposes, acquisitions or the repayment of debt.

Subject to the terms and conditions thereof, the consummation of the Tender Offer will occur after the completion of this offering. The Tender Offer is not contingent on the offering of the Notes described in this prospectus supplement, nor is the offering of the Notes described in this prospectus supplement contingent on the Tender Offer. See "Summary—Recent Developments—Tender Offer for Zardoya."

Certain of the underwriters or their affiliates have made commitments to provide Opal with the Bridge Credit Facility in an aggregate amount of up to €1.65 billion in connection with the Tender Offer. The net proceeds from this offering will result in mandatory prepayments or commitment reductions under the Bridge Credit Facility. See "Underwriting."

DESCRIPTION OF THE NOTES

The Notes will be issued under an indenture to be dated as of November 12, 2021, among Highland Holdings S.à r.l., as issuer (“Issuer”), Otis Worldwide Corporation, as guarantor (“Otis”), and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”), as supplemented by one or more supplemental indentures relating to the Notes (the indenture, as so supplemented, the “Indenture”). The following summary of certain provisions of the Indenture and the Notes does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all of the provisions of the Indenture and the Notes. In this “Description of the Notes” section, when we refer to the “Issuer,” “Highland,” “we,” “our,” or “us,” we refer to Highland Holdings S.à r.l. and any successor obligor and not to Otis or any of its other subsidiaries. In this “Description of the Notes” section, when we refer to “Otis,” we refer to Otis Worldwide Corporation and any successor obligor and not to any subsidiaries of Otis.

This summary is subject to and qualified in its entirety by reference to the Indenture and the Notes. A form of the Indenture has been filed with the SEC. The Indenture will be qualified under the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and you should refer to the Trust Indenture Act for provisions that apply to the Notes and the Parent Guarantees.

General

We are issuing €500,000,000 in aggregate principal amount of the 2023 Notes. The 2023 Notes will mature on November 12, 2023, and will bear interest at a rate of 0.000% per annum.

We are issuing €600,000,000 in aggregate principal amount of the 2026 Notes. The 2026 Notes will mature on December 15, 2026, and will bear interest at a rate of 0.318% per annum.

We are issuing €500,000,000 in aggregate principal amount of the 2031 Notes. The 2031 Notes will mature on December 15, 2031, and will bear interest at a rate of 0.934% per annum.

Each of the 2023 Notes, the 2026 Notes and the 2031 Notes will constitute separate series under the Indenture.

We will issue the Notes only in fully registered form, without coupons, in minimum denominations of €100,000 and any integral multiple of €1,000 in excess thereof. We will issue each series of the Notes in the form of one or more Global Notes (as defined in “—Book-Entry, Delivery and Form”) registered in the name of a nominee of, and deposited with, a common depository for Clearstream and Euroclear. See “Book-Entry, Delivery and Form.”

The Notes are not subject to any sinking fund or mandatory redemption provisions.

The Place of Payment for the Notes will be the office of the Paying Agent maintained for that purpose in the City of London, initially the corporate trust office of the Paying Agent, located at One Canada Square, London, E14 5AL, United Kingdom. The place where notices and demand to or upon the Issuer or Otis in respect of the Notes and the Indenture may be served will be the principal corporate trust office of the Trustee in the City of Pittsburgh, Pennsylvania. All notices and communications to be given to the holders and all payments to be made to holders under the Notes will be given or made only to the registered holders (which will be Euroclear, Clearstream or a nominee, in the case of a Global Note).

We and Otis may at any time and from time to time purchase Notes in the open market, by tender offer, through privately negotiated transactions or otherwise.

Issuance in Euro

Payments of principal, interest and Additional Amounts, if any, in respect of the Notes or the Parent Guarantees, as applicable, will be payable in euro. If the euro is unavailable to the Issuer or Otis due to the imposition of exchange controls or other circumstances beyond the Issuer’s or Otis’ control, then all payments in respect of the Notes or the Parent Guarantees, as applicable, will be made in U.S. dollars until the euro is again available to the Issuer or Otis or so used. The amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second Business Day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then-most recent U.S. dollar/euro exchange rate published in

TABLE OF CONTENTS

the *Wall Street Journal* on or prior to the second Business Day prior to the relevant payment date or, in the event the *Wall Street Journal* has not published such exchange rate, the rate will be determined by Otis in its sole discretion on the basis of the most recently available market exchange rate for euro. Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the Indenture. Neither the Trustee nor the Paying Agent will have any responsibility for any calculation or conversion in connection with the foregoing.

Investors will be subject to foreign exchange risks as to payments of principal, interest and Additional Amounts, if any, that may have important economic and tax consequences to them. See “Risk Factors—Investing in the Notes entails significant risks not associated with a similar investment in a security denominated in the home currency.”

Interest on the Notes

The Notes will bear interest at the applicable annual rate described above under the heading “—General” and will accrue interest from the date of original issuance or from the most recent date to which interest has been paid or duly provided for.

Interest will be payable on the Notes annually in arrears on the dates set forth in this paragraph and on the Maturity of such series, to the persons in whose names such Notes are registered on the relevant Record Date; provided that interest payable at the Maturity will be payable to the persons to whom the principal of such Notes is payable. Interest on the 2023 Notes will be payable on November 12 of each year, beginning November 12, 2022. Interest on the 2026 Notes will be payable on December 15 of each year, beginning December 15, 2022. Interest on the 2031 Notes will be payable on December 15 of each year, beginning December 15, 2022. If the date on which a payment of interest or principal on the Notes is scheduled to be paid is not a Business Day, then the interest or principal payable on that date will be paid on the next succeeding Business Day, and no further interest will accrue as a result of such delay. Interest on the Notes shall be computed on the basis of the actual number of days in the period for which interest is being calculated, and including the last date on which interest was paid or duly provided for in the notes (or from the issue date, if no interest has been paid on the Notes), but excluding the next following interest payment date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA), as defined in the rulebook of the International Capital Markets Association. The amount of interest payable for any period shorter than a full monthly period will be computed on the basis of the actual number of calendar days elapsed in such a period.

Guarantee

Otis will fully and unconditionally guarantee to each holder of the Notes and to the Trustee the full and punctual payment when due, whether at stated maturity, by acceleration, by redemption or otherwise, of all obligations of Highland under the Indenture and the Notes, whether for payment of principal of, or interest on or premium, if any, on, the Notes and all other monetary obligations of Highland under the Indenture and the Notes (Otis’ guarantee of each such series, a “Parent Guarantee” and, collectively, the “Parent Guarantees”). The Notes will not be guaranteed by any of Otis’ or the Issuer’s subsidiaries. The Parent Guarantees will be set forth in the Indenture.

Otis’ guarantee of the Notes of any series shall be automatically released and discharged upon (a) the exercise by the Issuer of its legal defeasance option or (b) the discharge of the Issuer’s obligations under the Indenture in accordance with the terms of the Indenture.

Ranking

The Notes will be our unsecured and unsubordinated obligations and will rank equally in right of payment with all of our existing and future unsecured and unsubordinated indebtedness, liabilities and other obligations and senior in right of payment to all of our future indebtedness that is subordinated to the Notes. The Notes will be effectively subordinated in right of payment to any of our future secured indebtedness to the extent of the value of the assets securing such indebtedness, and will be structurally subordinated in right of payment to any existing and future indebtedness, liabilities and other obligations of our subsidiaries.

The Parent Guarantees will be Otis’ unsecured and unsubordinated obligations and will rank equally in right of payment with all of Otis’ existing and future unsecured and unsubordinated indebtedness, liabilities and other obligations and senior in right of payment to all of Otis’ future indebtedness that is subordinated to the Parent Guarantees. The Parent Guarantees will be effectively subordinated in right of payment to any of Otis’ existing and

future secured indebtedness to the extent of the value of the assets securing such indebtedness, and will be structurally subordinated in right of payment to any existing and future indebtedness, liabilities and other obligations of Otis' subsidiaries (other than, by virtue of the Issuer's obligations as issuer of the Notes, the Issuer).

Optional Redemption

At any time, and from time to time, prior to the Par Call Date, in respect of each series of Notes, we may redeem Notes of such series, in whole or in part, at a redemption price equal to the greater of:

- 100% of the principal amount of the Notes to be redeemed, and
- the sum of the Remaining Scheduled Payments of the Notes to be redeemed from the redemption date to the Par Call Date of such series of Notes discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate plus the number of basis points set forth below under the heading "Make-Whole Basis Points" across from the name of such series of Notes,

plus, in each case, accrued and unpaid interest, if any, on the principal amount of the Notes being redeemed to, but excluding, the redemption date.

Series of Notes	Make-Whole Basis Points
2023 Notes	+10
2026 Notes	+15
2031 Notes	+20

At any time on or after the Par Call Date in respect of a series of Notes, we may redeem the Notes of such series, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest, if any, on the principal amount of the Notes being redeemed to, but excluding, the redemption date (each such redemption, a "Par Call").

For purposes of this Description of the Notes, "Par Call Date" in respect of a series of Notes shall mean the date set forth below under the heading "Par Call Date" across from the name of such series of Notes.

Series of Notes	Par Call Date
2023 Notes	October 12, 2023 (1 month prior to the stated maturity of such Notes)
2026 Notes	September 15, 2026 (3 months prior to the stated maturity of such Notes)
2031 Notes	September 15, 2031 (3 months prior to the stated maturity of such Notes)

Notice of redemption shall be mailed or otherwise delivered in accordance with the applicable procedures of the depository not less than 10 days nor more than 60 days prior to the redemption date to each registered holder of the Notes to be redeemed.

If the redemption date is on or after a Record Date and on or before the related Interest Payment Date, the accrued and unpaid interest, if any, will be paid to the person in whose name the Note is registered at the close of business on such Record Date, and no additional interest will be payable to holders whose Notes are subject to redemption by the Issuer.

Any notice of redemption of any series of Notes may, at the Issuer's discretion, be subject to one or more conditions precedent with respect to completion of a corporate transaction (including, but not limited to, any merger, acquisition, disposition, asset sale or corporate restructuring or reorganization) or financing (including, but not limited to, any incurrence of indebtedness (or entering into a commitment with respect thereto), sale and leaseback transaction, issuance of securities, equity offering or contribution, liability management transaction or other capital raise) and may be given prior to the completion thereof. If a redemption is subject to satisfaction of one or more conditions precedent, the notice shall describe each condition, and the notice may be rescinded in the event that any or all of the conditions shall not have been satisfied by the redemption date. Any notice of redemption may provide that payment of the redemption price and the Issuer's obligations with respect to the redemption may be performed by another person.

Unless we default in payment of the redemption price, interest will cease to accrue on the Notes or portion of the Notes called for redemption on and after the redemption date.

Additional Amounts

All payments of principal and interest in respect of the Notes by us or, in the case of the Parent Guarantee, Otis, or by a paying agent on our or Otis' behalf, will be made free and clear of, and without deduction or withholding for or on account of, any present or future taxes, duties, assessments or other similar governmental charges (collectively, "Taxes") imposed or levied by Luxembourg, the United States or any other jurisdiction in which we or Otis may be organized, engaged in business for tax purposes or resident for tax purposes, or any political subdivision or taxing authority thereof or therein (a "Taxing Jurisdiction"), unless such deduction or withholding is required by law or the official interpretation or administration thereof.

In the event such deduction or withholding for Taxes is so required, subject to the exceptions and limitations described below, we will pay such additional amounts ("Additional Amounts") on the Notes as may be necessary to ensure that the net amount received by any holder, after withholding or deduction for such Taxes, will be equal to the amount such person would have received in the absence of such deduction or withholding.

However, no Additional Amounts shall be payable with respect to any Taxes if such Taxes are imposed, withheld, deducted or levied for reasons unrelated to the holder's or beneficial owner's ownership or disposition of Notes, nor shall Additional Amounts be payable for or on account of:

- (a) any Taxes which would not have been so imposed, withheld, deducted or levied but for:
 - (i) the existence of any present or former connection between the holder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder or other equity owner of, or a person having a power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, a trust, a limited liability company, a partnership, a corporation or other entity) and the relevant Taxing Jurisdiction, including, without limitation, such holder or beneficial owner (or such fiduciary, settlor, beneficiary, member, shareholder or other equity owner or person having such a power) being or having been a citizen or resident or treated as a resident of the relevant Taxing Jurisdiction, being or having been engaged in a trade or business in the relevant Taxing Jurisdiction, being or having been present in the relevant Taxing Jurisdiction, or having or having had a permanent establishment in the relevant Taxing Jurisdiction;
 - (ii) the failure of the holder or beneficial owner to comply with any applicable certification, information, documentation or other reporting requirement, if compliance is required under the tax laws and regulations of the relevant Taxing Jurisdiction or any taxing authority thereof or therein or by an applicable income tax treaty to which the relevant Taxing Jurisdiction is a party as a precondition to exemption from such Taxes; or
 - (iii) the holder's or beneficial owner's present or former status as a personal holding company or a foreign personal holding company with respect to the United States, as a controlled foreign corporation with respect to the United States, as a passive foreign investment company with respect to the United States, as a foreign tax-exempt organization with respect to the United States, or as a corporation that accumulates earnings to avoid U.S. federal income tax;
- (b) any Taxes which would not have been imposed, withheld, deducted or levied but for the failure of the holder or beneficial owner to meet the requirements (including the certification requirements) of Section 871(h) or Section 881(c)(3)(C) of the Internal Revenue Code of 1986, as amended (the "Code");
- (c) any Taxes which would not have been imposed, withheld, deducted or levied but for the presentation by the holder or beneficial owner of such Note for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for and notice is given to holders, whichever occurs later;
- (d) any estate, inheritance, gift, sales, excise, transfer, capital gains, personal property, wealth or similar Taxes;
- (e) any Taxes which are payable other than by withholding or deducting from a payment of principal of or interest on such Note;
- (f) any Taxes which are imposed, withheld, deducted or levied with respect to, or payable by, a holder that is not the beneficial owner of the Note, or a portion of the Note, or that is a fiduciary, partnership,

TABLE OF CONTENTS

limited liability company or other similar entity, but only to the extent that a beneficial owner, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of an Additional Amount had such beneficial owner, settlor, beneficiary or member received directly its beneficial or distributive share of the payment;

- (g) any Taxes required to be withheld or deducted by any paying agent from any payment if such payment can be made without such withholding or deduction by at least one other paying agent;
- (h) any Taxes imposed, withheld, deducted or levied under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof (“FATCA”), any agreement (including any intergovernmental agreement) entered into in connection therewith or any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA or an intergovernmental agreement in respect of FATCA;
- (i) any Taxes that would not have been imposed, withheld, deducted or levied but for a change in any law, treaty, regulation, or administrative or judicial interpretation that becomes effective after the applicable payment becomes due or is duly provided for, whichever occurs later; or
- (j) a Tax deduction on account of Tax imposed by Luxembourg if on the date on which the payment falls due such Tax deduction is required in respect of the Luxembourg law of 23 December 2005, as amended, introducing in Luxembourg a 20% withholding tax as regards Luxembourg resident individuals; or
- (k) any combination of items (a), (b), (c), (d), (e), (f), (g), (h), (i) and (j).

Any Additional Amounts paid on the Notes and the Parent Guarantees will be paid in euro, subject to the provisions described under “—Issuance in Euro.”

For purposes of this section, the acquisition, ownership, enforcement, or holding of or the receipt of any payment with respect to a Note or a Parent Guarantee, as applicable, will not constitute a connection (a) between the holder or beneficial owner and the relevant Taxing Jurisdiction or (b) between a fiduciary, settlor, beneficiary, member or shareholder or other equity owner of, or a person having a power over, such holder or beneficial owner if such holder or beneficial owner is an estate, a trust, a limited liability company, a partnership, a corporation or other entity and a Taxing Jurisdiction. As used under this heading “Additional Amounts” and under the heading “Redemption for Tax Reasons,” the term “United States” means the United States of America, any state thereof and the District of Columbia.

Any reference in this prospectus supplement and the accompanying prospectus, in the Indenture or in the Notes to principal or interest shall be deemed to refer also to Additional Amounts which may be payable under the provisions of this section.

Except as specifically provided in the Notes, neither we nor Otis will be required to make any payment with respect to any tax, duty, assessment or other governmental charge imposed by any government or any political subdivision or taxing authority.

Redemption for Tax Reasons

We may redeem any series of Notes at our option, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, together with any accrued and unpaid interest on the Notes to be redeemed to, but excluding, the redemption date, at any time, if:

- (a) we or Otis have or will become obliged to pay Additional Amounts with respect to the Notes of such series as a result of any change in, or amendment to, the laws, regulations, treaties, or rulings of a Taxing Jurisdiction affecting taxation, or any change in, or amendment to, the official application, official interpretation, administration or enforcement of such laws, regulations, treaties or rulings (including a holding by a court of competent jurisdiction in a Taxing Jurisdiction), which change or amendment is enacted, adopted, announced or becomes effective on or after the date of this prospectus supplement; or
- (b) on or after the date of this prospectus supplement, any action is taken by a taxing authority of, or any action has been brought in a court of competent jurisdiction in, a Taxing Jurisdiction or any taxing

authority thereof or therein, including any of those actions specified in clause (a) above, whether or not such action was taken or brought with respect to us or Otis or there is any change, amendment, clarification, application or interpretation of such laws, regulations, treaties or rulings, which in any such case, will result in a material probability that we or Otis will be required to pay Additional Amounts with respect to such Notes (it being understood that such material probability will be deemed to result if the written opinion of independent tax counsel described in clause (b) below to such effect is delivered to the Trustee and the Paying Agent).

Notice of any such redemption will be mailed, or delivered electronically if held by any depository in accordance with such depository's customary procedures, at least 10 days but not more than 60 days before the redemption date to each registered holder of Notes to be redeemed; provided that the notice of redemption shall not be given earlier than 90 days before the earliest date on which we would be obligated to pay such Additional Amounts if a payment in respect of the Notes to be redeemed was then due. Any notice of redemption may provide that payment of the redemption price and the Issuer's obligations with respect to the redemption may be performed by another person.

Prior to the mailing or delivery of any notice of redemption pursuant to this section "—Redemption for Tax Reasons," we will deliver to the Trustee and the Paying Agent:

- (a) a certificate signed by one of our officers stating that we are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to our right to so redeem have occurred; and
- (b) a written opinion of independent tax counsel of nationally recognized standing to the effect that we or Otis have or will become obligated to pay such Additional Amounts as a result of a change or amendment described in clause (a) above or that there is a material probability that we or Otis will be required to pay Additional Amounts as a result of an action, change, amendment, clarification, application or interpretation described in clause (b) above, as the case may be.

Such notice, once delivered by us, will be irrevocable.

Offer to Purchase Upon Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event with respect to a series of Notes, unless we have exercised our right to redeem the Notes of such series by giving irrevocable notice on or prior to the 30th day after the Change of Control Triggering Event in accordance with the Indenture, each holder of the Notes of such series will have the right to require us to purchase all or a portion of such holder's Notes of such series pursuant to the offer described below (the "Change of Control Offer"), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to, but excluding, the Change of Control Payment Date (as defined below) (the "Change of Control Payment"). If the Change of Control Payment Date is (a) on a day that is not a Business Day, the related payment of the Change of Control Payment will be made on the next Business Day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next Business Day and/or (b) on or after a Record Date and on or before the related Interest Payment Date, the accrued and unpaid interest, if any, will be paid to the person in whose name the Note is registered at the close of business on such Record Date, and no additional interest will be payable to holders whose Notes are subject to purchase by the Issuer.

Within 30 days following the date upon which the Change of Control Triggering Event occurs or, at our option, prior to any Change of Control but after the public announcement of the pending Change of Control, we will be required to mail or otherwise deliver in accordance with the applicable procedures of Clearstream and Euroclear a notice to each holder of Notes of the applicable series, which notice will govern the terms of the Change of Control Offer. Such notice will state the purchase date, which must be no earlier than 15 days nor later than 60 days from the date such notice is mailed or otherwise delivered in accordance with the applicable procedures of Clearstream and Euroclear (or, in the case of a notice mailed or otherwise delivered in accordance with the applicable procedures of Clearstream and Euroclear prior to the date of consummation of a Change of Control, no earlier than 15 days nor later than 60 days from the date of the Change of Control Triggering Event), other than as may be required by law (the "Change of Control Payment Date"). The notice, if mailed or otherwise delivered in accordance with the applicable procedures of Clearstream and Euroclear prior to the date

TABLE OF CONTENTS

of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful:

- accept or cause a third party to accept for payment all the Notes of the applicable series properly tendered pursuant to the Change of Control Offer;
- deposit or cause a third party to deposit with the applicable paying agent an amount equal to the Change of Control Payment in respect of all the Notes of the applicable series properly tendered; and
- deliver or cause to be delivered to the Trustee the Notes of the applicable series properly accepted together with an officer's certificate stating the aggregate principal amount of the Notes being purchased.

We will not be required to make a Change of Control Offer with respect to the Notes of the applicable series if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by us and such third party purchases all the Notes of the applicable series properly tendered and not withdrawn under its offer. In addition, we will not purchase any Notes of the applicable series if there has occurred and is continuing on the Change of Control Payment Date an Event of Default under the Indenture, other than an Event of Default in the payment of the Change of Control Payment on the Change of Control Payment Date.

In connection with any Change of Control Offer for any series, if holders of not less than 90% in aggregate principal amount of the outstanding Notes of such series validly tender and do not withdraw such Notes in the Change of Control Offer and the Issuer, or any third party making the Change of Control Offer in lieu of the Issuer as described above, purchases all of those Notes validly tendered and not withdrawn by the holders, the Issuer or such third party will have the right, upon not less than 15 but not more than 60 days' notice mailed or otherwise delivered in accordance with the applicable procedures of Clearstream and Euroclear by the Issuer to each holder of such Notes (provided, that the notice is given not more than 30 days following the purchase date in respect of such Change of Control Offer), to redeem all the Notes of such series that remain outstanding following such purchase at a price in cash equal to 101% of the outstanding principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the applicable purchase date (it being agreed that if the purchase date is (a) on a day that is not a Business Day, the related payment will be made on the next Business Day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next Business Day and/or (b) on or after a Record Date and on or before the related Interest Payment Date, the accrued and unpaid interest, if any, will be paid to the person in whose name the Note is registered at the close of business on such Record Date, and no additional interest will be payable to holders whose Notes are subject to purchase by the Issuer).

We must comply in all material respects with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the purchase of the Notes of the applicable series as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the Notes of the applicable series, we will be required to comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Indenture with respect to the Notes of such series by virtue of any such conflict.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the assets of Otis and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise, established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to purchase the Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Otis and its subsidiaries taken as a whole to another "person" (as that term is used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) may be uncertain.

Additional Notes

We may from time to time, without notice to or the consent of the holders of any series of Notes, create and issue further notes of any such series ranking equally with the Notes of such series (and being treated as a single class with the Notes of such series already outstanding) in all respects and having the same terms as the Notes of

TABLE OF CONTENTS

such series already outstanding except for issue date, issue price and, under some circumstances, the first Interest Payment Date thereof or the date from which interest first accrues thereon. If any additional notes of such series are not fungible with the initial Notes for U.S. federal income tax purposes, then those additional notes will have a separate CUSIP/Common Code/ISIN number. The Notes of each series and any additional notes of such series will be treated as a single series for all purposes under the Indenture, including, without limitation, waivers, amendments and redemptions.

Limitation Upon Liens

Otis will not itself, and will not permit any Wholly-Owned Domestic Manufacturing Subsidiary to, create, incur, issue or assume any Debt secured by a Lien on any Principal Property owned by Otis or any Wholly-Owned Domestic Manufacturing Subsidiary, and Otis will not itself, and will not permit any subsidiary to, create, incur, issue or assume any Debt secured by any Lien on any equity interests or Debt of any Wholly-Owned Domestic Manufacturing Subsidiary, without in any such case effectively providing that, the Notes (together with, if Otis shall so determine, any other Debt of Otis then existing or thereafter created that is not subordinate in right of payment to the Notes) will be secured equally and ratably with (or prior to) such secured Debt, so long as such secured Debt shall be so secured, unless, after giving effect thereto, the aggregate principal amount of all such secured Debt then outstanding plus Attributable Debt of Otis and its Wholly-Owned Domestic Manufacturing Subsidiaries in respect of sale and leaseback transactions involving Principal Properties entered into after the date of the issuance of the Notes (other than such sale and leaseback transactions as are permitted by the Indenture) would not exceed an amount equal to 10% of Consolidated Net Total Assets of Otis; provided that nothing contained in this covenant will prevent, restrict or apply to, and there will be excluded from secured Debt in any computation under this covenant, Debt secured by:

- (a) Liens on any property or assets of Otis or any subsidiary (including equity interests or Debt owned by Otis or any subsidiary of Otis) existing as of the date of the issuance of the Notes;
- (b) Liens on any property or assets of, or on any equity interests or Debt of, any person existing at the time such person becomes a Wholly-Owned Domestic Manufacturing Subsidiary, or arising thereafter
 - (i) otherwise than in connection with the borrowing of money arranged thereafter and
 - (ii) pursuant to contractual commitments entered into prior to and not in contemplation of such person's becoming a Wholly-Owned Domestic Manufacturing Subsidiary;
- (c) Liens on any property or assets or equity interests or Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation) or securing the payment of all or any part of the purchase price or construction cost thereof or securing any Debt incurred prior to, at the time of or within 120 days after, the acquisition of such property or assets or equity interests or Debt or the completion of any such construction, whichever is later, for the purpose of financing all or any part of the purchase price or construction cost thereof (provided that such Liens are limited to such equity interests or Debt or such other property or assets, improvements thereon and the land upon which such property, assets and improvements are located and any other property or assets not then constituting a Principal Property);
- (d) Liens on any property or assets to secure all or any part of the cost of development, operation, construction, alteration, repair or improvement of all or any part of such property or assets, or to secure Debt incurred prior to, at the time of or within 120 days after, the completion of such development, operation, construction, alteration, repair or improvement, whichever is later, for the purpose of financing all or any part of such cost (provided that such Liens are limited to such property or assets, improvements thereon and the land upon which such property, assets and improvements are located and any other property or assets not then constituting a Principal Property);
- (e) Liens which secure Debt owing by a subsidiary to Otis or to a Wholly-Owned Domestic Manufacturing Subsidiary;
- (f) Liens arising from the assignment of moneys due and to become due under contracts between Otis or any subsidiary of Otis and the United States, any State, Commonwealth, Territory or possession thereof or any agency, department, instrumentality or political subdivision of any thereof; or Liens in favor of the United States, any State, Commonwealth, Territory or possession thereof or any agency, department, instrumentality or political subdivision of any thereof, pursuant to the provisions of any contract not directly or indirectly in connection with securing Debt;

- (g) any materialmen's, carriers', mechanics', workmen's, repairmen's or other like Liens arising in the ordinary course of business in respect of obligations which are not overdue or which are being contested in good faith by appropriate proceedings; any deposit or pledge as security for the performance of any bid, tender, contract, lease, or undertaking not directly or indirectly in connection with the securing of Debt; any deposit or pledge with any governmental agency required or permitted to qualify Otis or any subsidiary of Otis to conduct business, to maintain self-insurance or to obtain the benefits of any law pertaining to workmen's compensation, unemployment insurance, old age pensions, social security or similar matters, or to obtain any stay or discharge in any legal or administrative proceedings; deposits or pledges to obtain the release of materialmen's, carriers', mechanics', workmen's, repairmen's Liens or the release of property in the possession of a common carrier; any security interest created in connection with the sale, discount or guarantee of notes, chattel mortgages, leases, accounts receivable, trade acceptances or other paper, or contingent repurchase obligations, arising out of sales of merchandise in the ordinary course of business; Liens for Taxes levied or imposed upon Otis or any Wholly-Owned Domestic Manufacturing Subsidiary or upon the income, profits or property of Otis or any Wholly-Owned Domestic Manufacturing Subsidiary or Liens on any Principal Property of Otis or any Wholly-Owned Domestic Manufacturing Subsidiary arising from claims from labor, materials or supplies; provided that either such Tax is not overdue or that the amount, applicability or validity of such Tax or claim is being contested in good faith by appropriate proceedings; or other deposits or pledges similar to those referred to in this clause (g);
- (h) Liens arising by reason of any judgment, decree or order of any court, so long as any appropriate legal proceedings which may have been initiated for the review of such judgment, decree or order shall not have been finally terminated or so long as the period within which such proceedings may be initiated shall not have expired; any deposit or pledge with any surety company or clerk of any court, or in escrow, as collateral in connection with, or in lieu of, any bond on appeal from any judgment or decree against Otis or any subsidiary of Otis, or in connection with other proceedings or actions at law or in equity by or against Otis or any subsidiary of Otis; and
- (i) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), as a whole or in part, of any of the Liens referred to in clauses (a) through (h) above or the Debt secured thereby; provided that (i) such extension, renewal, substitution or replacement Lien shall be limited to all or any part of the same property or assets or equity interests or Debt that secured the Lien extended, renewed, substituted or replaced (plus improvements on such property, and plus any other property or assets not then constituting a Principal Property) and (ii) in the case of clauses (a) through (c) above, the Debt secured by such Lien at such time is not increased.

For the purposes of this covenant and the covenant described under the caption "—Limitations upon Sales and Leasebacks," the giving of a guarantee which is secured by a Lien on a Principal Property, and the creation of a Lien on a Principal Property or equity interests or Debt to secure Debt which existed prior to the creation of such Lien, will be deemed to involve the creation of Debt in an amount equal to the principal amount guaranteed or secured by the Lien; however, the amount of Debt secured by Liens on Principal Properties and equity interests and Debt will be computed without cumulating the underlying indebtedness with any guarantee thereof or Lien securing the same.

For purposes of this covenant and the covenant described under the caption "—Limitations upon Sales and Leasebacks," the following will not be deemed to be Liens securing Debt, and, accordingly, nothing contained in this covenant and the covenant described under the caption "—Limitations upon Sales and Leasebacks" will prevent, restrict or apply to: (a) any acquisition by Otis or any Wholly-Owned Domestic Manufacturing Subsidiary of any property or assets subject to any reservation or exception under the terms of which any vendor, lessor or assignor creates, reserves or excepts or has created, reserved or excepted an interest in oil, gas and/or any other mineral and/or the process thereof, (b) any conveyance or assignment under the terms of which Otis or any Wholly-Owned Domestic Manufacturing Subsidiary conveys or assigns to any person or persons an interest in oil, gas and/or any other mineral and/or the proceeds thereof, or (c) any Lien upon any property or assets owned or leased by Otis or any Wholly-Owned Domestic Manufacturing Subsidiary or in which Otis or any Wholly-Owned Domestic Manufacturing Subsidiary owns an interest to secure to the person or persons paying

the expenses of developing and/or conducting operations for the recovery, storage, transportation and/or sale of the mineral resources of the said property (or property with which it is utilized) the payment to such person or persons of Otis' or the Wholly-Owned Domestic Manufacturing Subsidiary's proportionate part of such development and/or operating expense.

Limitations upon Sales and Leasebacks

Otis will not itself, and will not permit any Wholly-Owned Domestic Manufacturing Subsidiary to, enter into any arrangement on or after the date of the issuance of the Notes with any bank, insurance company or other lender or investor (other than Otis or another Wholly-Owned Domestic Manufacturing Subsidiary) providing for the leasing by Otis or any Wholly-Owned Domestic Manufacturing Subsidiary of any Principal Property (except a lease for a temporary period not to exceed three years by the end of which it is intended that the use of such Principal Property by the lessee will be discontinued), which was or is owned by Otis or a Wholly-Owned Domestic Manufacturing Subsidiary and which has been or is to be sold or transferred, more than 365 days after the completion of construction and commencement of full operation thereof by Otis or such Wholly-Owned Domestic Manufacturing Subsidiary, to such bank, insurance company, lender or investor or to any person to whom funds have been or are to be advanced by such bank, insurance company, lender or investor on the security of such Principal Property (herein referred to as a "sale and leaseback transaction") unless, either:

- (a) the Attributable Debt of Otis and its Wholly-Owned Domestic Manufacturing Subsidiaries in respect of such sale and leaseback transaction and all other sale and leaseback transactions entered into after the date of the issuance of the Notes (other than such sale and leaseback transactions as are permitted by the provisions described in the following paragraph), plus the aggregate principal amount of Debt secured by Liens on Principal Properties then outstanding (excluding any such Debt secured by Liens covered by the provisions described in clauses (a) through (i) of the first paragraph of the covenant described under the caption "—Limitation upon Liens") without equally and ratably securing the Notes, would not exceed 10% of Consolidated Net Total Assets, or
- (b) Otis, within 365 days after the sale or transfer, applies or causes a Wholly-Owned Domestic Manufacturing Subsidiary to apply an amount equal to the greater of the net proceeds of such sale or transfer or fair market value of the Principal Property so sold and leased back at the time of entering into such sale and leaseback transaction (in either case as determined by any two of the following: the Chairman, Chief Executive Officer, Chief Financial Officer, the President, any Vice President, the Treasurer and the Controller of Otis) to the retirement of securities of any series outstanding under the Indenture or other indebtedness of Otis (other than indebtedness subordinated in right of payment to the Notes) or indebtedness of a Wholly-Owned Domestic Manufacturing Subsidiary, for money borrowed, having a stated maturity more than 12 months from the date of such application or which is extendible at the option of the obligor thereon to a date more than 12 months from the date of such application (and, unless otherwise expressly provided with respect to any one or more series of securities outstanding under the Indenture, any redemption of securities pursuant to this provision shall not be deemed to constitute a refunding operation or anticipated refunding operation for the purposes of any provision limiting Otis' right to redeem securities of any one or more such series when such redemption involves a refunding operation or anticipated refunding operation); provided that the amount to be so applied will be reduced by (i) the principal amount of securities outstanding under the Indenture delivered within 120 days after such sale or transfer to the Trustee for retirement and cancellation, and (ii) the principal amount of any such indebtedness of Otis or a Wholly-Owned Domestic Manufacturing Subsidiary, other than such securities, voluntarily retired by Otis or a Wholly-Owned Domestic Manufacturing Subsidiary within 120 days after such sale or transfer. Notwithstanding the foregoing, no retirement referred to in this clause (b) may be effected by payment at maturity or pursuant to any mandatory sinking fund payment or any mandatory prepayment provision.

Notwithstanding the foregoing, where Otis or any Wholly-Owned Domestic Manufacturing Subsidiary is the lessee in any sale and leaseback transaction, Attributable Debt will not include any Debt resulting from the guarantee by Otis or any other Wholly-Owned Domestic Manufacturing Subsidiary of the lessee's obligation thereunder.

Existence

Subject to the covenant described under the caption “—Consolidation, Merger and Sale of Assets,” each of the Issuer and Otis will do or cause to be done all things necessary to preserve and keep in full force and effect its legal existence.

Reports by Otis

Otis shall file with the Trustee, within 15 days after Otis is required to file the same with the Commission, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the Commission may by rules and regulations prescribe) which Otis is required to file with the Commission pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended. Otis will be deemed to have complied with the obligations described in the immediately previous sentence to the extent that the information, documents and reports are filed with the Commission via EDGAR (or any successor electronic delivery procedure) and posted on the Otis’ website or otherwise publicly available.

Delivery of the reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt shall not constitute constructive or actual knowledge or notice of any information contained therein or determinable from information contained therein, including Otis’ compliance with any of its covenants under the Indenture (as to which the Trustee is entitled to rely exclusively on officer’s certificates of Otis).

During any time period in which the Trust Indenture Act does not apply to the Indenture or the Notes, for so long as any such Notes remain outstanding, Otis will furnish to the holders of the Notes and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act of 1933, as amended (the “Securities Act”).

Consolidation, Merger and Sale of Assets

The Issuer will not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of its properties and assets to any person, unless:

- (a) the person formed by the consolidation or into which the Issuer is merged or the person which acquires by conveyance or transfer, or which leases, all or substantially all of the properties and assets of the Issuer is a person organized and existing under the laws of Luxembourg, the United States, any State thereof or the District of Columbia, or any country which is, on the issue date of the Notes, a member state of the European Union, and expressly assumes, by an indenture supplemental to the Indenture, executed and delivered to the Trustee, the Issuer’s obligation for the due and punctual payment of the principal of (and premium, if any) and interest on all the Notes and the performance of every covenant of the Indenture on the part of the Issuer to be performed or observed;
- (b) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and
- (c) the Issuer has delivered to the Trustee an officer’s certificate and an opinion of counsel, each stating that the consolidation, merger, conveyance, transfer or lease and such supplemental indenture comply with the covenant described in this section.

Otis will not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of its properties and assets to any person, unless:

- (a) the person formed by the consolidation or into which Otis is merged or the person which acquires by conveyance or transfer, or which leases, all or substantially all of the properties and assets of Otis is a person organized and existing under the laws of the United States, any State thereof or the District of Columbia and expressly assumes, by an indenture supplemental to the Indenture, executed and delivered to the Trustee, Otis’ obligation under the Parent Guarantee and the performance of every covenant of the Indenture on the part of Otis to be performed or observed;
- (b) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and

TABLE OF CONTENTS

- (c) Otis has delivered to the Trustee an officer's certificate and an opinion of counsel, each stating that the consolidation, merger, conveyance, transfer or lease and such supplemental indenture comply with the covenant described in this section.

The covenant described in this section will only apply to a merger or consolidation in which the Issuer or Otis, as applicable, is not the surviving person and to conveyances, leases and transfers by the Issuer or Otis, as applicable, as transferor or lessor.

Upon any consolidation by the Issuer or Otis with or merger by the Issuer or Otis into any other person or any conveyance, transfer or lease of all or substantially all of the properties and assets of the Issuer or Otis in accordance with the covenant described in this section, the successor person formed by the consolidation or into which the Issuer or Otis is merged or to which the conveyance, transfer or lease is made will succeed to, and be substituted for, and may exercise every right and power of, the Issuer or Otis, as applicable, under the Indenture with the same effect as if the successor person had been named as the issuer or guarantor, as applicable, in the Indenture. In the event of any such conveyance or transfer, the Issuer or Otis, except in the case of a lease, will be discharged of all obligations and covenants under the Indenture and the Notes. In case of any such consolidation, merger, conveyance, transfer or lease, certain changes in phraseology and form may be made in the Notes thereafter to be issued as may be appropriate.

Events of Default

When we use the term "Event of Default" with respect to Notes of any series, we mean:

- (a) default in the payment of any interest upon the Notes of such series when it becomes due and payable, and continuance of the default for a period of 30 days;
- (b) default in the payment of the principal of (or premium, if any, on) any Note of such series at its Maturity;
- (c) default in the performance, or breach, of any covenant or warranty of the Issuer or Otis in the Indenture (other than a covenant or warranty a default in whose performance or whose breach is elsewhere in this section specifically dealt with or which has been expressly included in the Indenture for the benefit of one or more series of securities other than the Notes), and continuance of that default or breach for a period of 90 days after there has been given, by registered or certified mail, to the Issuer and Otis by the Trustee or to the Issuer, Otis and the Trustee by the holders of at least 25% in principal amount of all affected securities of any series issued under the Indenture then outstanding (taking such action as one class) (including any affected Notes), a written notice specifying the default or breach and requiring it to be remedied and stating that the notice is a "Notice of Default" under the Indenture;
- (d) the entry of a decree or order by a court having jurisdiction in the premises adjudging the Issuer or Otis a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the Issuer or Otis under any applicable federal or state bankruptcy, insolvency, reorganization or similar law, or appointing a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Issuer or Otis or of all or substantially all of their property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days;
- (e) the institution by the Issuer or Otis of proceedings to be adjudicated a bankrupt or insolvent, or the consent by either of them to the institution of bankruptcy or insolvency proceedings against either of them, or the filing by either of them of a petition or answer or consent seeking reorganization or relief under any applicable federal or state bankruptcy, insolvency, reorganization or other similar law, or the consent by either of them to the filing of any such petition or to the appointment of a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Issuer or Otis or all or substantially all of their respective properties, or the making by either of them of an assignment for the benefit of creditors, or the admission by either of them in writing of their respective inability to pay their respective debts generally as they become due; or
- (f) other than by reason of release of the Guarantor in accordance with the terms of the Indenture, the Parent Guarantee being held in any judicial proceeding to be unenforceable or invalid or ceasing for

TABLE OF CONTENTS

any reason to be in full force and effect, in each case, relating to the Notes of any series, or Otis denying or disaffirming in writing its obligation under the Parent Guarantee relating to the Notes of any series, and such Parent Guarantee not being issued or returned to full force and effect within, or the denial or disaffirmation not being rescinded, by the date that is 10 days after receipt of a specified written notice to Otis from the Trustee or a holder of Notes of the relevant series.

An Event of Default with respect to the Notes of a particular series may not constitute an Event of Default with respect to the Notes of any other series.

If an Event of Default described above in clause (a), (b) or (f) of the definition of “Event of Default” occurs with respect to the Notes of any series at the time outstanding and is continuing, then in every such case the Trustee or the holders of not less than 25% in principal amount of the outstanding Notes of such series may declare the principal amount of all of the Notes of such series to be due and payable immediately, by a notice in writing to the Issuer and Otis (and to the Trustee if given by the holders), and upon such declaration the principal amount of all of the Notes of such series will become immediately due and payable.

If an Event of Default described above in clause (c) of the definition of “Event of Default” occurs and is continuing, then in every such case the Trustee or the holders of not less than 25% in principal amount of all affected securities of any series issued under the Indenture (including any affected series of the Notes) then outstanding (taking such action as one class) may declare the principal amount of all affected outstanding securities to be due and payable immediately, by a notice in writing to the Issuer and Otis (and to the Trustee if given by the holders), and upon any such declaration the principal amount of all affected outstanding securities will become immediately due and payable.

If an Event of Default described above in clause (d) or (e) of the definition of “Event of Default” occurs, then the outstanding principal amount and any accrued interest upon all the outstanding Notes will automatically, and without any declaration or other action on the part of the Trustee or any holder, become immediately due and payable.

Under certain circumstances, the holders of a majority in aggregate principal amount of the outstanding Notes of a series (or of more than one series of affected securities outstanding (including any affected series of Notes) (acting as one class), as the case may be), by written notice to the Issuer, Otis and the Trustee, may rescind and annul an acceleration and its consequences.

The Issuer covenants that if (a) default is made in the payment of any interest on any Note when such interest becomes due and payable and such default continues for a period of 30 days, or (b) default is made in the payment of the principal of (or premium, if any, on) any Note at the Maturity thereof, the Issuer will, upon demand of the Trustee, pay to it or cause to be paid to it, for the benefit of the holders of such Notes, the whole amount then due and payable on such Notes for principal (and premium, if any) and interest and, to the extent that payment of such interest is legally enforceable, interest on any overdue principal (and premium, if any) and on any overdue interest, at the rate or rates prescribed therefor in such Notes, and, in addition thereto, such further amount as is sufficient to cover the reasonable costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

If the Issuer or Otis fails to pay such amounts forthwith upon such demand, the Trustee, in its own name as trustee of an express trust, may institute a judicial proceeding for the collection of the sums due and unpaid, may prosecute such proceeding to judgment or final decree and may enforce the same against the Issuer or Otis or any other obligor upon the Notes and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Issuer or Otis or any other obligor upon the Notes, wherever situated.

If an Event of Default with respect to the Notes of any series (or of all series issued under the Indenture, as the case may be) occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the holders of Notes of such series (or of all series under the Indenture, as the case may be) by appropriate judicial proceedings as the Trustee deems most effectual to protect and enforce those rights, whether for the specific enforcement of any covenant or agreement in the Indenture or in aid of the exercise of any power granted therein, or to enforce any other proper remedy.

The Indenture will contain a provision entitling the Trustee, subject to the duty of the Trustee during a default to act with the required standard of care, to be indemnified by the holders of Notes before proceeding to exercise any right or power under the Indenture at the request of the holders. Subject to provisions in the

TABLE OF CONTENTS

Indenture for the indemnification of the Trustee and certain other limitations, (a) with respect to the Notes of any series, the holders of not less than a majority in principal amount of the outstanding Notes of such series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, relating to or arising under clause (a), (b) or (f) of the definition of "Event of Default" and (b) with respect to all securities issued under the Indenture, the holders of not less than a majority in principal amount of all affected outstanding securities of any series issued under the Indenture (including any affected series of the Notes) (taking such action as one class) will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, not relating to or arising under clause (a), (b) or (f) of the definition of "Event of Default."

The Indenture will provide that the Trustee may withhold notice to the holders of the Notes of any default (except in payment of principal (or premium, if any) or interest, if any) if the Trustee in good faith considers it in the interest of the holders of the Notes to do so.

The Indenture will provide that no holder of any Notes of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture, for the appointment of a receiver or trustee or for any other remedy hereunder, unless:

- (a) the holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the Notes of such series;
- (b) the holders of not less than 25% in principal amount of the outstanding Notes of such series in the case of any Event of Default described in clause (a), (b) or (f) of the definition of "Event of Default," or, in the case of any Event of Default not described in clause (a), (b) or (f) of the definition of "Event of Default," the holders of not less than 25% in principal amount of all affected outstanding securities of any series issued under the Indenture (including any affected series of the Notes) (making such request as one class), will have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee under the Indenture;
- (c) the holder or holders have offered to the Trustee indemnity satisfactory to the Trustee against the costs, expenses and liabilities to be incurred in compliance with such request;
- (d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and
- (e) no direction inconsistent with the written request has been given to the Trustee during the 60-day period by the holders of not less than a majority in principal amount of the outstanding Notes of such series in the case of any Event of Default described in clause (a), (b) or (f) of the definition of "Event of Default," or, in the case of any Event of Default not described in clause (a), (b) or (f) of the definition of "Event of Default," by the holders of not less than a majority in principal amount of all affected outstanding securities of any series issued under the Indenture (including any affected series of the Notes) (making the direction as one class);

it being understood and intended that no one or more of such holders will have any right in any manner whatever by virtue of, or by availing of, any provision of the Indenture to affect, disturb or prejudice the rights of any other holders of Notes of the same series, in the case of any Event of Default described in clause (a), (b) or (f) of the definition of "Event of Default," or of holders of all affected securities of any series issued under the Indenture (including any affected series of the Notes), in the case of any Event of Default not described in clause (a), (b) or (f) of the definition of "Event of Default," or to obtain or to seek to obtain priority or preference over any other of such holders or to enforce any right under the Indenture, except in the manner therein provided and for the equal and ratable benefit of all holders of the Notes of the same series, in the case of any Event of Default described in clause (a), (b) or (f) of the definition of "Event of Default," or of holders of all affected securities of any series issued under the Indenture (including any affected series of the Notes), in the case of any Event of Default not described in clause (a), (b) or (f) of the definition of "Event of Default."

The Indenture will contain a covenant under which we are required to furnish to the Trustee an annual statement as to the compliance with all conditions and covenants of the Indenture.

Modification and Waiver

The Indenture will provide that, without the consent of the holders of Notes, we, Otis and the Trustee, at any time and from time to time, may enter into one or more supplemental indentures or other instruments, in form reasonably satisfactory to the Trustee, for any of the following purposes:

- (a) to evidence the succession of another person to the Issuer or Otis and provide for the assumption by a successor person of the Issuer's or Otis' obligations under the Indenture and the Notes, in each case in compliance with the provisions thereof;
- (b) to add to the covenants of the Issuer or Otis or to surrender any right or power conferred upon the Issuer or Otis in the Indenture;
- (c) to add any additional Events of Default;
- (d) to add to, change or eliminate any of the provisions of the Indenture; provided that any such addition, change or elimination shall (i) neither (A) apply to any securities of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision nor (B) modify the rights of the holder of any such securities with respect to such provision or (ii) become effective only when there are no securities of any series outstanding;
- (e) to secure the Notes pursuant to the requirements of the covenant described under the caption "— Limitation upon Liens" or otherwise;
- (f) to establish the form or terms of the Notes as permitted under the Indenture;
- (g) to evidence and provide for the acceptance of appointment under the Indenture by a successor Trustee with respect to the Notes of one or more series and to add to or change any of the provisions of the Indenture as shall be necessary to provide for or facilitate the administration of the trusts thereunder by more than one Trustee, pursuant to the requirements of the Indenture;
- (h) to cure any ambiguity, to correct or supplement any provision under the Indenture which may be defective or inconsistent with any other provision therein, or to make any other provisions with respect to matters or questions arising under the Indenture; provided such action will not adversely affect the interests of the holders of the Notes of any particular series in any material respect;
- (i) to supplement any of the provisions of the Indenture to the extent as necessary to permit or facilitate the defeasance and/or discharge of any series of the Notes pursuant to the Indenture; provided that any such action does not adversely affect the interests of the holders of the Notes of such series or any other series of the Notes in any material respect;
- (j) to provide for the guarantee by any person of any outstanding Notes;
- (k) to add to the Indenture such provisions as may be expressly permitted by the Trust Indenture Act, excluding, however, the provisions referred to in Section 316(a)(2) of the Trust Indenture Act as in effect at the date as of which the Indenture is executed or any corresponding provision in any similar federal statute thereafter enacted;
- (l) to conform to any mandatory provisions of law and in particular to comply with the requirements of the Commission in connection with the qualification of this Indenture under the Trust Indenture Act;
- (m) to conform the terms of the Indenture and the Notes to any provision or other description of the Notes, as the case may be, contained in an offering document related thereto;
- (n) to provide for the issuance of any additional Notes under the Indenture;
- (o) to comply with the rules of any applicable securities depository; or
- (p) to make any change in any series of Notes or to add to the Indenture such provisions that do not adversely affect in any material respect the interests of the holders of such series of Notes.

TABLE OF CONTENTS

Other amendments and modifications of the Indenture may be made with the consent of the holders of not less than a majority in principal amount of outstanding securities of all series issued under the Indenture affected by the amendment or modification (including any affected series of the Notes) (voting as one class); provided, no modification or amendment may, without the consent of the holder of each outstanding Note affected thereby:

- (a) change the stated maturity of the principal of, or any installment of interest on, any Note, or reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the Maturity thereof pursuant to the Indenture or the amount thereof provable in bankruptcy pursuant to the Indenture, or change any Place of Payment where, or the coin, currency, currencies, currency units or composite currency in which, any Note or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof (or, in the case of redemption or repayment at the option of the holder, on or after the redemption date or repayment date, as the case may be);
- (b) reduce the percentage in principal amount of the outstanding Notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Indenture or certain defaults thereunder and their consequences) provided for in the Indenture; or
- (c) modify (i) the requirements of the section of the Indenture described in this paragraph, (ii) provisions with respect to waiving compliance with specified provisions of the Indenture or (iii) provisions with respect to waiving specified defaults, except to increase any applicable percentage or to provide that other specified provisions of this Indenture cannot be modified or waived without the consent of the holder of each outstanding Note affected thereby, provided, that this clause will not be deemed to require the consent of any holder with respect to changes in the references to “the Trustee” and concomitant changes in the foregoing requirements and provisions with respect to waiving compliance with certain provisions of the Indenture, or the deletion of this proviso, in accordance with the requirements of the Indenture.

A supplemental indenture that changes or eliminates any covenant or other provision of the Indenture that has expressly been included solely for the benefit of one or more particular series of Notes, or that modifies the rights of the holders of Notes of such series with respect to such covenant or other provision, will be deemed not to affect the rights under the Indenture of the holders of Notes of any other series.

It will not be necessary for any act of holders described in the foregoing provisions to approve the particular form of any proposed supplemental indenture, but it will be sufficient if the act approves the substance thereof.

Satisfaction and Discharge

The Indenture will upon the Issuer’s request cease to be of further effect with respect to any series of Notes (except as to any surviving rights of registration of transfer or exchange of Notes of such series as expressly provided for in the Indenture) and the Trustee, at the expense of the Issuer, will execute proper instruments acknowledging satisfaction and discharge of the Indenture as to the applicable series of Notes when:

- (a) either:
 - (i) all Notes of the applicable series theretofore authenticated and delivered (other than Notes that have been mutilated, destroyed, lost or stolen and that have been replaced or paid as provided in Indenture and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust, as provided in the Indenture) have been cancelled or delivered to the Trustee for cancellation; or
 - (ii) all Notes of the applicable series not theretofore cancelled or delivered to the Trustee for cancellation:
 - (A) have become due and payable, or
 - (B) will become due and payable at their stated maturity within one year, or

- (C) are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer,

and the Issuer, in the case of clauses (ii)(A), (ii)(B) or (ii)(C) above, has deposited or caused to be deposited with the Trustee as trust funds in trust for the purpose (x) an amount of cash (in the currency, currencies or currency units in which the applicable Notes are then specified as payable at stated maturity), or (y) Government Obligations applicable to the applicable Notes (determined on the basis of the currency, currencies or currency units in which the applicable Notes are then specified as payable at stated maturity), which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide money in an amount, or (z) a combination thereof, sufficient, in the case of clauses (y) and (z), in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, to pay and discharge the entire indebtedness on the Notes of the applicable series not theretofore cancelled or delivered to the Trustee for cancellation, for principal (and premium, if any) and interest to, but excluding, the date of the deposit (in the case of Notes that have become due and payable) or to, but excluding, the stated maturity or redemption date, as the case may be; provided that if on the date of the deposit, the interest payable to, but excluding, or any premium payable on, the stated maturity or redemption date cannot be calculated, the amount deposited shall be sufficient to the extent that an amount is deposited with the Trustee equal to the interest payable to, but excluding, or the premium payable on, the stated maturity or the redemption date calculated as of the date of the deposit, with any deficit on the stated maturity or redemption date, as applicable (any such amount, the "Applicable Deficit"), only required to be deposited with the Trustee on or prior to the stated maturity or redemption date, as applicable; provided, further, any Applicable Deficit shall be set forth in an officer's certificate of the Issuer delivered to the Trustee simultaneously with the deposit of the Applicable Deficit that confirms that the Applicable Deficit shall be applied to the interest or other amounts payable at the stated maturity or on the redemption date, as applicable;

- (b) the Issuer has paid or caused to be paid all other sums payable under the Indenture by the Issuer in respect of the Notes; and
- (c) the Issuer has delivered to the Trustee an officer's certificate and an opinion of counsel (as specified in the Indenture).

Defeasance and Covenant Defeasance

The Indenture will provide that the Issuer may elect either "defeasance" or "covenant defeasance" and Otis may elect "covenant defeasance", in each case of the Notes of or within a series, as applicable, as described below:

- (a) "defeasance" means that the Issuer may elect to defease and be discharged from any and all obligations with respect to the applicable Notes except for the obligations to register the transfer or exchange of the applicable Notes, to replace temporary or mutilated, destroyed, lost or stolen Notes and any related coupons, to maintain an office or agency in respect of the applicable Notes and to hold moneys for payment in trust; and
- (b) "covenant defeasance" means that the Issuer or Otis may elect to be released from its obligations, as applicable, with respect to the applicable Notes that are described under the captions "—Consolidation, Merger and Sale of Assets," "—Existence," "—Limitation upon Liens," "—Limitations upon Sales and Leasebacks," as applicable, and any omission to comply with these obligations will not constitute a default or an Event of Default with respect to the Notes.

To elect either defeasance or covenant defeasance under the Indenture, the Issuer must deposit or cause to be deposited with the Trustee, as trust funds in trust, (a) an amount of cash (in such currency, currencies or currency units in which the applicable Notes are then specified as payable at stated maturity), (b) Government Obligations applicable to the applicable Notes (determined on the basis of the currency, currencies or currency units in which the applicable Notes are then specified as payable at stated maturity), which through the payment of principal and interest in respect thereof in accordance with their terms will provide money in an amount, or (c) a combination thereof, sufficient, in the case of clauses (b) and (c), in the opinion of a nationally recognized

firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, to pay and discharge the principal of (and premium, if any) and interest on the outstanding applicable Notes on their scheduled due dates.

A trust of this kind may only be established if, among other things, the Issuer has delivered to the applicable trustee an opinion of counsel to the effect that the beneficial owners of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred. In the case of defeasance, an opinion of counsel must refer to and be based upon a ruling of the Internal Revenue Service (the "IRS") or a change in applicable U.S. federal income tax law occurring after the date of the Indenture.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, Managers, Employees or Agents

The Indenture will provide that no recourse will be had for the payment of principal, premium, if any, or interest, if any, on any Note, or for any claim based on or in respect of any Note or the Indenture or any supplemental indenture, against any incorporator, stockholder, officer, director, manager, employee or agent, as such, past, present or future, of the Issuer or Otis or of any successor person thereof under any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise. Each holder, by accepting the Notes, waives and releases all such liability.

Concerning Our Relationship with the Trustee, Securities Registrar and Paying Agent

The Bank of New York Mellon Trust Company, N.A. will act as Trustee, securities registrar and paying agent under the Indenture. The Bank of New York Mellon, London Branch will act as Paying Agent under the Indenture. We maintain customary banking relationships in the ordinary course of business with the Trustee and its affiliates.

Governing Law

The Indenture and the Notes will be governed by and construed in accordance with the laws of the State of New York. The provisions of articles 470-1 to 470-19 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended (the "Luxembourg Companies Act 1915") are not applicable to the Notes. No holder of any Notes may initiate proceedings against the Issuer based on article 470-21 of the Luxembourg Companies Act 1915.

Book-Entry, Delivery and Form

We will issue the Notes in the form of one or more permanent global notes (the "Global Notes") in definitive, fully registered, book-entry form without coupons. The Global Notes will be deposited with a common depository (and registered in the name of the common depository or its nominee) for, and in respect of interests held through, Clearstream Banking S.A., which we refer to as "Clearstream," or Euroclear Bank SA/NV, which we refer to as "Euroclear." Except as described herein, definitive notes in registered form will not be issued in exchange for beneficial interests in the Global Notes.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to a common depository for Clearstream and Euroclear or its nominee. None of the Notes may be held through, no trades of the Notes will be settled through, and no payments with respect to the Notes will be made through, The Depository Trust Company ("DTC") in the United States and no link is expected to be established among DTC and Clearstream or Euroclear in connection with the issuance of the Notes.

Beneficial interests in the Global Notes will be represented, and transfers of such beneficial interests will be effected, through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in Clearstream or Euroclear. Those beneficial interests will be in minimum denominations of €100,000 and any integral multiple of €1,000 in excess thereof. Should definitive notes in registered form be issued to individual holders of Notes, a holder of Notes who, as a result of trading or otherwise, holds a principal amount of any series of Notes that is less than the minimum denomination would be required to purchase an additional principal amount of such series of Notes such that its holding of such series of Notes amounts to the minimum specified denomination. Investors may hold interests in the Global Notes through Clearstream or Euroclear either directly if they are participants in such systems or indirectly through organizations that are participants in such systems.

TABLE OF CONTENTS

Except as set forth in the Indenture, owners of beneficial interests in the Global Notes will not be entitled to have Notes registered in their names, and will not receive or be entitled to receive physical delivery of Notes in definitive form. Except as provided below, beneficial owners will not be considered the owners or holders of the Notes under the Indenture. Accordingly, each beneficial owner must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder of Notes under the Indenture. Under existing industry practices, if we request any action of holders or a beneficial owner desires to give or take any action that a holder is entitled to give or take under the Indenture, the clearing systems would authorize their participants holding the relevant beneficial interests to give or take action and the participants would authorize beneficial owners owning through the participants to give or take such action or would otherwise act upon the instructions of beneficial owners. Conveyance of notices and other communications by the clearing systems to their participants, by the participants to indirect participants and by the participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Persons who are not Euroclear or Clearstream participants may beneficially own Notes held by the common depository for Euroclear and Clearstream only through direct or indirect participants in Euroclear and Clearstream.

Clearstream and Euroclear

We understand that Clearstream is incorporated and existing under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participants and facilitates the clearance and settlement of securities transactions between its participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to its participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to supervision by the CSSF. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly.

We understand that Euroclear was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank SA/NV, which we refer to as the “Euroclear Operator,” under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation, which we refer to as the “Cooperative.” All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

We understand that the Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

TABLE OF CONTENTS

We have provided the descriptions of the operations and procedures of Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience, and we make no representation or warranty of any kind with respect to these operations and procedures. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, Otis, the underwriters, the Trustee or the Paying Agent takes any responsibility for these operations or procedures, and you are urged to contact Clearstream and Euroclear or their participants directly to discuss these matters.

We, Otis, the Trustee, the Paying Agent and the securities registrar will not have any responsibility or liability for any aspect of the records relating to or payments made on account of Notes by Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the Notes.

So long as the common depositary or its nominee is the registered holder of the Global Notes, the common depositary or such nominee, as the case may be, will be considered the sole owner or holder of Notes represented by such Global Notes for all purposes under the Indenture and the Notes. Payments of principal, interest and Additional Amounts, if any, in respect of the Global Notes will be made to the common depositary or such nominee, as the case may be, as registered holder thereof.

Distributions of principal, interest and Additional Amounts, if any, with respect to the Global Notes will be credited in euro to the extent received by Euroclear or Clearstream to the cash accounts of Euroclear or Clearstream customers in accordance with the relevant system's rules and procedures.

Because Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in the Global Notes to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between Clearstream and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional euro-denominated bonds in immediately available funds.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the Notes through the Clearstream and Euroclear systems on days when those systems are open for business. Those systems may not be open for business on days on which banks, brokers and other institutions are open for business in the United States or London. In addition, because of time-zone differences, there may be problems with completing transactions involving the Clearstream and Euroclear systems on the same Business Day as in the United States. U.S. investors who wish to transfer their interests in the Notes, or to make or receive a payment or delivery of the Notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether the Clearstream or Euroclear system is used.

Because the purchaser determines the place of delivery, it is important to establish at the time of trading of any Notes where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired date.

Secondary market sales of book-entry interests in the Notes held through Clearstream or Euroclear to purchasers of book-entry interests in a Global Note through Clearstream or Euroclear will be conducted in accordance with the normal rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional euro-denominated bonds in same-day funds.

We have obtained the information in this section concerning Clearstream and Euroclear and the book-entry system and procedures from sources that we believe to be reliable, but neither we nor the underwriters take any responsibility for the accuracy of this information.

In a few special situations described below, the book-entry system for the Notes will terminate and interests in the Global Notes will be exchanged for definitive notes in registered form. You must consult your bank, broker or other financial institution to find out how to have your interests in the Notes transferred to your name, so that you will be a direct holder.

The special situations for termination of the book-entry system for the Notes are:

- the depositary for any of the Notes represented by a registered Global Note notifies us that it is unwilling or unable to continue as depositary or clearing system for the Global Notes, and we are unable to find a qualified replacement for such depositary within 90 days;
- we in our sole discretion determine to allow Global Notes to be exchangeable for definitive notes in registered form; or
- there has occurred and is continuing an event of default with respect to the Notes and the depositary notifies the trustee of its decision to exchange the Global Notes for definitive notes in registered form.

Certain Definitions

For purposes of this “Description of the Notes,” the following definitions are applicable:

“Attributable Debt” means, as to any particular lease under which any person is at the time liable for a term of more than 12 months, at any date as of which the amount thereof is to be determined, the total net amount of rent required to be paid by such person under such lease during the remaining term thereof (excluding any subsequent renewal or other extension options held by the lessee), discounted from the respective due dates thereof to such date at the rate of 15% per annum, compounded monthly. The net amount of rent required to be paid under any such lease for any such period shall be the aggregate amount of the rent payable by the lessee with respect to such period after excluding amounts required to be paid on account of maintenance and repairs, services, insurance, taxes, assessments, water rates and similar charges and contingent rents (such as those based on sales). In the case of any lease which is terminable by the lessee upon the payment of a penalty in an amount which is less than the total discounted net amount of rent required to be paid from the later of the first date upon which such lease may be so terminated or the date of the determination of such net amount of rent, as the case may be, such net amount shall also include the amount of such penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated.

“Business Day” means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which banking institutions or trust companies in the City of New York or the City of London, or the relevant Place of Payment, are authorized or required by law, regulation or executive order to close, and that is a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (the TARGET2 system), or any successor thereto, operates.

“Change of Control” means the occurrence of any of the following after the date of issuance of the Notes:

- (a) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Otis and its subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) other than to Otis or one of its subsidiaries, and other than any such transaction or series of related transactions in which the holders of Otis’ Voting Stock outstanding immediately prior thereto hold Voting Stock of the transferee person representing a majority of the voting power of the transferee person’s Voting Stock immediately after giving effect thereto;
- (b) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) (other than Otis or one of its subsidiaries) becomes the “beneficial owner” (as defined in Rule 13d-3 and Rule 13d-5 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of Otis’ Voting Stock representing a majority of the voting power of the Otis’ outstanding Voting Stock;
- (c) Otis consolidates with, or merges with or into, any person, or any person consolidates with, or merges with or into, Otis, in any such event pursuant to a transaction in which any of Otis’ outstanding Voting Stock is converted into or exchanged for cash, securities or other property, other than any such transaction where Otis’ Voting Stock outstanding immediately prior to such transaction constitutes, or is converted into or exchanged for, Voting Stock representing a majority of the voting power of the Voting Stock of the surviving person (or its parent) immediately after giving effect to such transaction; or
- (d) the adoption by Otis’ shareholders of a plan relating to Otis’ liquidation or dissolution.

TABLE OF CONTENTS

Notwithstanding the foregoing, a transaction will not be deemed to involve a change of control under clause (b) above if (i) Otis becomes a direct or indirect wholly-owned subsidiary of a holding company or other person and (ii) (A) the direct or indirect holders of the Voting Stock of such holding company or other person immediately following that transaction are substantially the same as the holders of Otis' Voting Stock immediately prior to that transaction or (B) immediately following that transaction, no "person" (as that term is used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) (other than a holding company or other person satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company or other person.

"Change of Control Triggering Event" means, with respect to the applicable series of Notes, the Notes of such series cease to be rated Investment Grade by each of the Rating Agencies on any date during the period (the "Trigger Period") commencing 60 days prior to the first public announcement by Otis of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which Trigger Period will be extended following consummation of a Change of Control for so long as any of the Rating Agencies has publicly announced that it is considering a possible ratings downgrade or withdrawal). However, a Change of Control Triggering Event otherwise arising by virtue of a particular reduction in, or withdrawal of, rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Change of Control Triggering Event for purposes of the definition of Change of Control Triggering Event) if the Rating Agencies making the reduction in, or withdrawal of, rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at Otis' request that the reduction or withdrawal was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Change of Control Triggering Event). If a Rating Agency is not providing a rating for the Notes at the commencement of any Trigger Period, the Notes will be deemed to have ceased to be rated "Investment Grade" by such Rating Agency during that Trigger Period.

Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

"Commission" means the Securities and Exchange Commission, as from time to time constituted, created under the Securities Exchange Act of 1934, as amended, or, if at any time after the execution of the Indenture such Commission is not existing and performing the duties now assigned to it under the Trust Indenture Act, then the body performing such duties at such time.

"Comparable Government Bond" means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by the Issuer, a German federal government bond whose maturity is closest to the maturity of the Notes to be redeemed, assuming for such purpose that the Notes to be redeemed matured on the applicable Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German federal government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German federal government bonds selected by the Issuer, determine to be appropriate for determining the Comparable Government Bond Rate.

"Comparable Government Bond Rate" means, with respect to any redemption date, the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date of the notice of redemption relating to such redemption date, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined above) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by the Issuer.

"Consolidated Net Total Assets" means the total amount of assets of Otis and its consolidated subsidiaries (less applicable reserves and other properly deductible items) after deducting therefrom all current liabilities (excluding any thereof that are by their terms extendible or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed), all as set forth on the most recent consolidated balance sheet of Otis and its consolidated subsidiaries and computed in accordance

TABLE OF CONTENTS

with generally accepted accounting principles (which calculation shall give pro forma effect to any Material Acquisition or Material Disposition consummated by Otis or its consolidated subsidiaries since the date of such balance sheet and on or prior to the date of determination, as if such Material Acquisition or Material Disposition had occurred on the date of such consolidated balance sheet).

“Debt” means notes, bonds, debentures or other similar evidences of indebtedness for borrowed money.

“Government Obligations” means (x) any security that is (i) a direct and unconditional obligation of the European Union, (ii) backed by the European Union’s budgetary and cash resources and by the European Commission’s right to call for additional resources from member states, (iii) a direct obligation of the German government or (iv) an obligation of a person controlled or supervised by and acting as an agency or instrumentality of the German government the payment of which is fully and unconditionally guaranteed by the German government or the central bank of the German government, which, in each case of (x)(i), (ii), (iii) or (iv), is not revocable, callable or redeemable at the option of the issuer thereof, and (y) certificates, depository receipts or other instruments which evidence a direct ownership interest in obligations described in clause (x)(i), (ii), (iii) or (iv) above or in any specific principal or interest payments due in respect thereof.

“Industrial Development Bonds” means obligations issued by a State, a Commonwealth, a Territory or a possession of the United States, or any political subdivision of any of the foregoing, or the District of Columbia, the interest on which is excludable from gross income of the holders thereof pursuant to the provisions of Section 103(a) of the Internal Revenue Code of 1986, as amended (or any similar provision), as in effect at the time of the issuance of such obligations.

“Interest Payment Date,” when used with respect to any Notes, means the date specified in such Notes as the fixed date on which an installment of interest is due and payable.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS TO U.S. HOLDERS

The following is a general discussion of the material U.S. federal income tax considerations applicable to U.S. holders (as defined below) with respect to the ownership and disposition of Notes acquired in this offering, but it does not purport to be a complete analysis of all the potential tax considerations. This discussion is limited to the U.S. federal income tax consequences relevant to holders that acquire Notes in the initial offering at their original “issue price” (i.e., the first price at which a substantial amount of the Notes of the applicable series is sold to purchasers (other than bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) for cash) and hold them as “capital assets” within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) (generally, property held for investment). This discussion does not address tax consequences relevant to subsequent purchasers of the Notes. This discussion is based on current provisions of the Code, the Treasury regulations promulgated thereunder, judicial decisions and administrative rulings and published positions of the IRS, each as in effect as of the date hereof and all of which are subject to change or differing interpretations, possibly with retroactive effect, and any such change or interpretation could affect the accuracy of the statements and conclusions set forth herein.

This discussion is for general information only and does not purport to address all aspects of U.S. federal income taxation that may be relevant to particular holders in light of their particular circumstances and does not apply to holders that are not U.S. holders, nor does it apply to holders subject to special rules under the U.S. federal income tax laws (including, for example, banks or other financial institutions, dealers in securities or currencies, traders in securities that elect to apply a mark-to-market method of accounting, insurance companies, tax-exempt entities, grantor trusts, entities or arrangements treated as partnerships for U.S. federal income tax purposes or other flow-through entities (and investors therein), subchapter S corporations, retirement plans, individual retirement accounts or other tax-deferred accounts, real estate investment trusts, regulated investment companies, holders liable for the alternative minimum tax, certain former citizens or former long-term residents of the United States, U.S. holders having a “functional currency” other than the U.S. dollar, holders who hold Notes as part of a hedge, straddle, constructive sale, conversion transaction or other integrated transaction, and persons required to accelerate the recognition of any item of gross income with respect to the Notes as a result of such income being recognized on an applicable financial statement). This discussion also does not address any considerations under U.S. federal tax laws other than those pertaining to the income tax, nor does it address any considerations under any state, local or non-U.S. tax laws. In addition, this discussion does not address the tax consequences of the ownership and disposition of the Notes arising under the unearned income Medicare contribution tax nor, except as specifically described below, any considerations with respect to any withholding required pursuant to the Foreign Account Tax Compliance Act of 2010 (including the Treasury regulations promulgated thereunder and any intergovernmental agreements entered in connection therewith and any laws, regulations or practices adopted in connection with any such agreement) (collectively, “FATCA”). Prospective investors should consult with their own tax advisors as to the particular tax consequences to them of the purchase, ownership and disposition of the Notes, including with respect to the applicability and effect of any U.S. federal, state, local or non-U.S. income tax laws or any tax treaty, and any changes (or proposed changes) in tax laws or interpretations thereof.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds Notes, the tax treatment of a person treated as a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Any person that for U.S. federal income tax purposes is treated as a partner in a partnership holding Notes should consult his, her or its tax advisor regarding the tax consequences of the purchase, ownership and disposition of Notes.

THIS DISCUSSION IS FOR GENERAL INFORMATION PURPOSES ONLY AND IS NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES RELATING TO THE OWNERSHIP AND DISPOSITION OF THE NOTES. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES, INCLUDING WITH RESPECT TO THE APPLICABILITY AND EFFECT OF ANY U.S. FEDERAL, STATE, LOCAL OR NON-U.S. INCOME TAX LAWS OR ANY TAX TREATY.

Effect of Certain Contingencies

The terms of the Notes provide for payments by us in excess of stated interest or principal, or prior to their scheduled payment dates, under certain circumstances, for instance, as described under the heading “Description

of the Notes—Additional Amounts” and “Description of the Notes—Offer to Purchase Upon Change of Control Triggering Event.” The possibility of such payments may implicate special rules under Treasury regulations governing “contingent payment debt instruments.” According to those Treasury regulations, the possibility that such payments of excess or accelerated amounts will be made will not cause the Notes to be treated as contingent payment debt instruments (and will not affect the amount of income a holder recognizes in advance of the payment of such excess or accelerated amounts) if, in the aggregate, there is only a remote chance as of the date the Notes are issued that any of such payments will be made. We believe and intend to take the position that the likelihood that such payments will be made is remote within the meaning of the applicable Treasury regulations. Our position that these contingencies are remote is binding on a holder unless such holder discloses its contrary position to the IRS in the manner required by applicable Treasury regulations. Our position is not, however, binding on the IRS, and if the IRS were to challenge this position successfully, a holder might be required to, among other things, accrue interest income based on a projected payment schedule and comparable yield, which would be in excess of stated interest, and treat as ordinary income rather than capital gain any income realized on the taxable disposition of a Note. In the event a contingency described above occurs, it could affect the amount, timing and character of the income or loss recognized by a holder. Prospective holders should consult their own tax advisors regarding the tax consequences if the Notes were treated as contingent payment debt instruments. The remainder of this discussion assumes that the Notes will not be considered contingent payment debt instruments.

U.S. Holders

For purposes of this discussion, the term “U.S. holder” means a beneficial owner of a Note that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust (a) if a court within the United States is able to exercise primary supervision over the trust’s administration and one or more “United States persons” (within the meaning of the Code) persons have the authority to control all substantial decisions of the trust or (b) that has a valid election in effect under applicable Treasury regulations to be treated as a United States person for U.S. federal income tax purposes.

Payments of Interest

It is anticipated, and this discussion assumes, that the issue price of the Notes will be equal to the stated principal amount or, if the issue price is less than the stated principal amount, the difference will be a *de minimis* amount (as set forth in the applicable Treasury regulations). Interest on a Note generally will be taxable to a U.S. holder as ordinary interest income at the time it is received or accrued, in accordance with the U.S. holder’s regular method of accounting for U.S. federal income tax purposes.

Subject to the discussion of exchange gain or loss below, interest income we pay on a Note will constitute foreign source income and will generally constitute “passive category income” for U.S. foreign tax credit purposes. A U.S. holder may be entitled to deduct or credit any non-U.S. withholding tax imposed on payments of interest, subject to complex limitations (including that the election to deduct or credit foreign taxes applies to all of a U.S. holder’s applicable foreign taxes for a particular tax year). A U.S. Holder will generally be denied a foreign tax credit for foreign taxes imposed with respect to interest paid by us on a Note where such U.S. holder does not meet minimum holding period requirements. Prospective purchasers should consult their tax advisors concerning the applicability of the foreign tax credit and source of income rules to interest income we pay on the Notes.

Payments of interest on the Notes will be denominated in euros. A U.S. holder that uses the cash method of accounting for U.S. federal income tax purposes will be required to include in income the U.S. dollar value of the euro amount of interest received (including amounts received upon disposition of a Note attributable to accrued but unpaid interest) translated at the spot exchange rate in effect on the date such payment is received by such U.S. holder, regardless of whether the payment is in fact converted into U.S. dollars on such date. A U.S. holder that uses the cash method of accounting for U.S. federal income tax purposes generally will not recognize any foreign currency exchange gain or loss upon receipt of an interest payment with respect to a Note.

A U.S. holder that uses the accrual method of accounting for U.S. federal income tax purposes will be required to include in income the U.S. dollar value of interest on a Note held by such U.S. holder that accrued during the relevant accrual period (or portion thereof within the U.S. holder's taxable year). The U.S. dollar value of such accrued interest income generally is determined by translating such interest income at the average rate of exchange for such accrual period (or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year). Alternatively, such U.S. holder may elect to translate such interest income at the spot exchange rate on the last day of such accrual period (or, in the case of an accrual period that spans more than one taxable year, the spot exchange rate on the last day of the taxable year) or, if the last day of an accrual period is within five business days of the date of receipt of the payment in respect of the related accrued interest, a U.S. holder that has made such election may translate such accrued interest using the spot exchange rate on the date of receipt of such payment. The above election will apply to all debt obligations that a U.S. holder holds at the beginning of the first taxable year to which the election applies and to all debt instruments that the U.S. holder subsequently acquires. A U.S. holder may not revoke this election without the consent of the IRS. A U.S. holder that uses the accrual method of accounting for U.S. federal income tax purposes generally will recognize foreign currency exchange gain or loss with respect to such accrued interest income on the date the payment in respect of such interest income is received (including amounts received upon a disposition of a Note attributable to accrued but unpaid interest) if there is any difference between the exchange rate used to determine such interest income and the exchange rate on the date such payment is received (or the Note is disposed of). Such foreign currency exchange gain or loss generally will be treated as ordinary income or loss from sources within the United States. If such U.S. holder receives a payment of interest in U.S. dollars, then the U.S. dollar amount received may not be equal to the U.S. dollar amount required to be recognized as interest income under the rules discussed above. Any difference between such amounts will give rise to foreign currency exchange gain or loss and be taxed as described above.

Bond Premium with respect to the 2023 Notes

If a U.S. holder purchases a 2023 Note in this offering at a price that exceeds the stated principal amount of the 2023 Note, such U.S. holder will be considered to have purchased the 2023 Note with bond premium equal to the amount of that excess. Subject to the discussion of debt instruments bearing a zero rate of interest below, a U.S. holder generally may elect to amortize the bond premium using a constant yield method over the remaining term of the 2023 Note (or possibly an earlier call date if it results in a smaller amortizable bond premium). An election to amortize bond premium on a constant yield method will apply to all debt obligations (other than debt obligations the interest on which is excludable from gross income) held by such holder as of the beginning of, or acquired during or after, the first taxable year for which the election applies and may not be revoked without the consent of the IRS. If a U.S. holder makes the election to amortize bond premium with respect to a 2023 Note, such U.S. holder will be required to reduce its adjusted tax basis in such 2023 Note by the amount of the bond premium amortized. Prospective investors should consult their own tax advisors regarding this election. Although it is not entirely clear whether the amortizable bond premium rules apply to debt instruments, such as the 2023 Notes, that do not bear any interest, if such rules apply (i) a U.S. holder of the 2023 Notes would generally not amortize any bond premium prior to the taxable disposition or maturity of the 2023 Notes, and (ii) if the U.S. holder made the election to amortize bond premium, then it would generally recognize an ordinary deduction equal to the amount of the amortized bond premium upon the taxable disposition or maturity of the 2023 Notes. In such case, a U.S. holder would recognize ordinary foreign source income or loss with respect to the amount of the amortized bond premium to the extent of changes in exchange rates between the time the U.S. holder acquired the 2023 Note and the time the bond premium is deducted. If a U.S. holder does not elect to amortize bond premium, or if the amortizable bond premium rules do not apply to the 2023 Notes, then the amount of the premium will remain part of the U.S. holder's adjusted tax basis in its 2023 Notes and will decrease the gain or increase the loss that such U.S. holder would otherwise recognize on the sale, exchange, redemption, retirement or other taxable disposition of the 2023 Notes. U.S. holders should consult their tax advisors regarding the application of the amortizable bond premium rules to the 2023 Notes.

Sale, Exchange, Redemption or Other Taxable Disposition of the Notes

A U.S. holder generally will recognize gain or loss upon the sale, exchange, redemption or other taxable disposition of a Note equal to the difference, if any, between (a) the sum of the cash and the fair market value of any property received on such disposition (other than amounts properly attributable to accrued but unpaid interest, which amounts will be treated as interest income as described above under "—Payments of Interest")

and (b) such U.S. holder's adjusted tax basis in the Note. A U.S. holder's adjusted tax basis in a Note generally will be equal to the amount that such U.S. holder paid for the Note, determined in U.S. dollars. A U.S. holder that receives euros on the sale, exchange, redemption or other taxable disposition of a Note generally will have an amount realized equal to the U.S. dollar value of such euros translated at the spot rate of exchange on the date of such sale, exchange, redemption or other taxable disposition (or, if such Note is treated as traded on an established securities market, at the spot rate of exchange on the settlement date in the case of a cash basis or electing accrual basis taxpayer). A U.S. holder generally will realize foreign currency exchange gain or loss upon such sale, exchange, redemption or other taxable disposition of a Note (as ordinary income or loss from sources within the United States) if there is any difference between (1) the spot rate of exchange on the date such U.S. holder acquired such Note and (2) the spot rate of exchange on the date such Note is disposed of or the date the payment in respect of such sale, exchange, redemption or other taxable disposition is received, as applicable. Such foreign currency exchange gain or loss generally will be treated as ordinary income or loss from sources within the United States. Such foreign currency exchange gain or loss, together with any foreign currency exchange gain or loss realized on such disposition in respect of accrued interest, generally will be realized only to the extent of the total gain or loss realized by such U.S. holder on such disposition. Any such total gain or loss not treated as foreign currency exchange gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss, if, at the time of such disposition, the U.S. holder will have held the Note for a period of more than one year. The deductibility of capital losses is subject to limitations.

A U.S. holder that determines its amount realized in connection with the sale, exchange, redemption or other taxable disposition of a Note by reference to the spot rate of exchange on the date of such sale, exchange, redemption or other taxable disposition (rather than on the settlement date) generally will be required to recognize foreign currency exchange gain or loss upon receipt of euros from such sale, exchange, redemption or other taxable disposition equal to the difference between (1) the U.S. dollar value of the euro amount realized based on the spot rate of exchange on the date of such sale, exchange, redemption or other taxable disposition and (2) the U.S. dollar value of the euro amount realized based on the spot rate of exchange on the settlement date.

Conversion or Other Taxable Disposition of Foreign Currency

A U.S. holder generally will have a tax basis in the euros received as interest on or upon a sale, exchange, redemption or other taxable disposition of a Note equal to the U.S. dollar value of such euros when such euros are received. On a conversion or other taxable disposition of such euros, such U.S. holder generally will recognize gain or loss in an amount equal to the difference, if any, between (a) the amount of U.S. dollars or the fair market value in U.S. dollars of any other property received and (b) such U.S. holder's tax basis in such euros. Any such gain or loss generally will be treated as ordinary income or loss from sources within the United States.

Information Reporting and Backup Withholding

Information reporting generally will apply to payments of interest on the Notes and to the proceeds of a sale or other taxable disposition of a Note paid to a U.S. holder unless the U.S. holder is an exempt recipient. U.S. federal backup withholding (currently, at a rate of 24% for payments made before January 1, 2026) generally will apply to such payments if the U.S. holder fails to provide the applicable withholding agent with a properly completed and executed IRS Form W-9 providing such U.S. holder's correct taxpayer identification number and certifying that such U.S. holder is not subject to backup withholding or to otherwise establish an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability, if any; provided that the required information is furnished timely to the IRS.

Reportable Transactions

A U.S. holder that participates in any "reportable transaction" (as defined in applicable Treasury regulations) must attach to its U.S. federal income tax return a disclosure statement on IRS Form 8886. Under these Treasury regulations, a U.S. holder that recognizes a foreign currency exchange loss with respect to the Notes would be required to report the loss on IRS Form 8886 (Reportable Transaction Disclosure Statement) if

[TABLE OF CONTENTS](#)

the loss exceeds the thresholds set forth in the Treasury regulations. U.S. holders should consult their own tax advisors as to the possible obligation to file IRS Form 8886 reporting foreign currency exchange loss arising from the Notes or any amounts received with respect to the Notes.

Information Reporting with respect to Foreign Financial Assets

Certain U.S. holders that are individuals (and certain entities) that own “specified foreign financial assets” with an aggregate value in excess of certain thresholds are generally required to file an information report with respect to such assets with their tax returns, subject to certain exceptions. The Notes may constitute specified foreign financial assets subject to these reporting requirements (unless the Notes are held in an account at certain financial institutions). U.S. holders are urged to consult their tax advisors regarding the application of these rules to their ownership of the Notes.

MATERIAL LUXEMBOURG TAX CONSIDERATIONS

The following is a summary of material Luxembourg tax considerations of purchasing, owning and disposing of the Notes. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase or sell the Notes. It should be read in conjunction with “Risk Factors”. It is based on the laws, regulations, and administrative and judicial interpretations presently in force in Luxembourg, although it is not intended to be, nor should it be construed to be, legal or tax advice or to cover any and all types of investors. Potential investors in the Notes should therefore consult their own professional advisors as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax and net wealth tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax generally encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*). Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax and municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Withholding tax

(i) Nonresident Noteholders

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or non-participating interests made to Luxembourg non-resident holders of the Notes, nor on accrued but unpaid non-participating interests in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg non-resident holders.

(ii) Resident Noteholders

Under Luxembourg general tax laws currently in force and subject to the law of December 23, 2005, as amended (the “December Law”), mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holder of Notes, nor on accrued but unpaid interest in respect of the Notes nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Under the December Law, payments of interest or similar income made by a paying agent (within the meaning of the December Law) established in Luxembourg to or for the benefit of an individual beneficial owner who is a Luxembourg resident investor may be subject to a final tax of 20%. Such withholding tax will be in full discharge of income tax if the individual beneficial owner is an individual acting in the course of the

TABLE OF CONTENTS

management of his/her private wealth. Responsibility for the withholding and payment of the tax will be assumed by the Luxembourg paying agent. Payment of interest under the Notes coming within the scope of the December Law will be subject to a withholding tax at a rate of 20%.

An individual beneficial owner of interest or similar income (within the meaning of the December Law) who is a resident of Luxembourg may opt in accordance with the December Law to self declare and pay a final tax of 20% when he/she receives such interest or similar income from a paying agent established in another EU Member State or in a member state of the EEA which is not an EU Member State. In such case, the 20% levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agent. The option for the 20% final levy must cover all payments of interest or similar income made by the paying agent to the Luxembourg resident beneficial owner during the entire civil year. The individual resident who is the beneficial owner of interest is responsible for the declaration and the payment of the 20% final tax.

Income taxation

(i) Nonresident Noteholders

Nonresident Noteholders, not having a permanent establishment, a permanent representative or a fixed place of business in Luxembourg to which the Notes or income thereon are attributable, are not subject to Luxembourg income taxes on interest accrued or received, redemption premiums or issue discounts, under the Notes nor on capital gains realized on the disposal or redemption of the Notes. Nonresidents corporate holders or an individual holder of Notes acting in the course of the management of a professional or business undertaking, who have a permanent establishment, a permanent representative or a fixed place of business in Luxembourg to which or to whom the Notes or income therefrom are attributable are subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realized upon the sale or disposal of the Notes.

(ii) Resident Noteholders

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal, if they subscribed or acquired the Notes at par.

Individuals

A resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or similar income received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the December Law, or (ii) the individual holder of the Notes has opted for the application of a 20% tax in full discharge of income tax in accordance with the December Law, which applies if a payment of interest has been made by a paying agent established in another EU Member State or in a member state of the EEA which is not an EU Member State.

A gain realized by an individual Noteholder, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the December Law.

Gains realized upon a disposal of the Notes by an individual Noteholder acting in the course of the management of a professional or business undertaking and who is resident of Luxembourg for tax purposes are subject to Luxembourg income taxes.

Corporations

A corporate resident Noteholder must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realized on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes.

Luxembourg corporate resident Noteholders who benefit from a special tax regime, such as, for example, (i) an undertaking for collective investment subject to the amended law of December 17, 2010, (ii) a specialized investment fund governed by the amended law of February 13, 2007, (iii) a family wealth management company

governed by the amended law of May 11, 2007 or (iv) a reserved alternative investment fund governed by the law of July, 23 2016 not having elected for the regime of investment company in risk capital, are exempt from income taxes in Luxembourg and thus income derived from the Notes, as well as gains realized thereon, are not subject to Luxembourg income taxes.

Net wealth taxation

Individuals

An individual Noteholder, whether he/she is resident in Luxembourg or not, is not subject to Luxembourg net wealth tax on such Notes.

Corporations

Luxembourg resident corporate Noteholders and non-resident Noteholders who have a permanent establishment or a permanent representative in Luxembourg to which the Notes are attributable, are subject to Luxembourg net wealth tax on such Notes, except if the Noteholder is (i) an undertaking for collective investment subject to the amended law of December 17, 2010, (ii) a securitization company governed by the amended law of March 22, 2004 on securitization (save for the minimum net wealth tax), (iii) a company governed by the amended law of June 15, 2004 on venture capital vehicles (save for the minimum net wealth tax), (iv) a specialized investment fund governed by the amended law of February 13, 2007, (v) a family wealth management company governed by the amended law of May 11, 2007 or (vi) a reserved alternative investment fund governed by the law of July 23, 2016 on reserved alternative investment funds (save for the minimum net wealth tax applicable to reserved alternative investment funds having elected for the regime of investment company in risk capital governed by the law of June 15, 2004 on venture capital vehicles).

Other taxes

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by the Noteholders as a consequence of the issuance of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, redemption or repurchase of the Notes. However, a registration duty may apply if the Notes are registered. A registration is required if the Notes (i) are appended to a deed which is mandatorily subject to registration or (ii) are lodged with the notary for his records (*déposés au rang des minutes d'un notaire*). Finally, registration of the Notes may be made on a voluntary basis.

Gift tax may be due on a gift or donation of Notes if embodied in a Luxembourg deed or recorded in Luxembourg.

European Information Exchange Regimes

The Organisation for Economic Co-operation and Development has developed a new global standard for the automatic exchange of financial information between tax authorities (the "CRS"). Luxembourg is a signatory jurisdiction to the CRS and has conducted its first exchange of information with tax authorities of other signatory jurisdictions in September 2017, as regards reportable financial information gathered in relation to fiscal year 2016. The CRS has been implemented in Luxembourg via the law dated 18 December 2015 concerning the automatic exchange of information on financial accounts and tax matters and implementing the EU Directive 2014/107/EU.

The CRS regulations may impose obligations on the Issuer and the Noteholders, if the Issuer is considered as a Reporting Financial Institution (e.g. an Investment Entity) under the CRS, so that the latter could be required to conduct due diligence and obtain (among other things) confirmation of the tax residency, tax identification number and CRS classification of Noteholders in order to fulfil its own legal obligations.

FATCA

Luxembourg has entered into a Model I Intergovernmental Agreement implemented by the Luxembourg law of 24 July 2015 (as amended) which requires Financial Institutions located in Luxembourg to report, when required, information on Financial Accounts held by Specified US Persons, if any, to the Luxembourg tax authorities.

TABLE OF CONTENTS

The FATCA regulations may impose obligations on the Issuer and the Noteholders, if the Issuer is considered as a Reporting Financial Institution (e.g. an Investment Entity) under FATCA, so that the latter could be required to conduct due diligence and obtain (among other things) confirmation of the tax residency, tax identification number and FATCA classification of Noteholders in order to fulfil its own legal obligations.

The underwriting agreement provides that the obligations of the several underwriters to purchase the Notes offered hereby are subject to certain conditions precedent and that the underwriters will purchase all of the Notes offered by this prospectus supplement if any of these Notes are purchased. The underwriters may offer and sell Notes through certain of their affiliates. Standard Chartered Bank will not effect any offers or sales of any Notes in the United States unless it is through one or more U.S. registered broker-dealers as permitted by the regulations of the Financial Industry Regulatory Authority. The offering of the Notes by the underwriters is subject to receipt and acceptance by the underwriters and subject to the underwriters' right to reject any order in whole or in part.

We have been advised by the representatives of the underwriters that the underwriters propose to offer the Notes to the public at the public offering prices set forth on the cover of this prospectus supplement and to dealers at prices that represent a concession not in excess of (i) 0.18% of the principal amount of the 2023 Notes, (ii) 0.33% of the principal amount of the 2026 Notes and (iii) 0.36% of the principal amount of the 2031 Notes. These dealers may re-allow a concession of not more than (i) 0.090% of the principal amount of the 2023 Notes, (ii) 0.165% of the principal amount of the 2026 Notes and (iii) 0.180% of the principal amount of the 2031 Notes to other dealers. After the initial public offering, the representatives of the underwriters may change the offering prices and other selling terms.

The following table shows the underwriting discounts we will pay to the underwriters in connection with this offering per note and in the aggregate.

	Underwriting Discounts Paid by Us
Per 2023 Note	0.300%
Per 2026 Note	0.550%
Per 2031 Note	0.600%
Total	€7,800,000

TABLE OF CONTENTS

We estimate that our share of the total expenses of this offering, excluding underwriting discounts and commissions, will be approximately \$4 million.

The Issuer and Otis have agreed to indemnify the several underwriters against some specified types of liabilities, including liabilities under the Securities Act, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

We expect that delivery of the Notes will be made against payment therefor on or about the closing date of this offering specified on the cover page. The closing is expected to occur on November 12, 2021, which is five business days after the date of this prospectus supplement (this settlement cycle being referred to as “T+5”). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their Notes on any date prior to the date that is two business days before delivery of the Notes will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement, and so should consult their own advisors.

Each series of the Notes constitutes a new issue of securities for which there is no established trading market. We intend to apply to list the Notes on the New York Stock Exchange (the “NYSE”). The listing application will be subject to approval by the NYSE. If such a listing is obtained, we have no obligation to maintain it, and we may delist the Notes at any time.

In connection with the offering, the underwriters may purchase and sell the Notes in the open market. These transactions may include short sales, purchases to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater principal amount of Notes than they are required to purchase in the offering. The underwriters may close out any short position by purchasing Notes in the open market. A short position is more likely to be created if underwriters are concerned that there may be downward pressure on the price of the Notes in the open market prior to the completion of the offering.

Stabilizing transactions consist of various bids for or purchases of the Notes made by the underwriters in the open market prior to the completion of the offering.

In connection with this offering, Morgan Stanley & Co. International plc (the “stabilizing manager”) (or any person acting on behalf of the stabilizing manager) may over-allot or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. This stabilizing, if commenced, may be discontinued at any time. However, stabilization may not necessarily occur. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the Notes and 60 days after the date of the allotment of the Notes. Any stabilization action or over-allotment must be conducted by the stabilizing manager (or any person acting on behalf of the stabilizing manager) in accordance with all applicable laws and rules.

The underwriters may impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the representatives of the underwriters have repurchased Notes sold by or for the account of that underwriter in stabilizing or short-covering transactions.

Purchases to cover a short position and stabilizing transactions may have the effect of preventing or slowing a decline in the market prices of the Notes. In addition, these purchases, along with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market prices of the Notes. As a result, the prices of the Notes may be higher than the prices that might otherwise exist in the open market. These transactions may be effected in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

The underwriters and their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, corporate trust, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, investment banking and financial and other advisory services for us and our affiliates from time to time for which they have received and may continue to receive customary fees

and commissions. In addition, from time to time, certain of the underwriters and their affiliates may engage in transactions with and perform services for us and our affiliates in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses.

In addition, for our U.S.\$1,500,000,000 Revolving Credit Facility, dated February 10, 2020 (as amended, the “Revolver”), JPMorgan Chase Bank, N.A. serves as an administrative agent, a joint lead arranger and a joint bookrunner, HSBC Securities (USA) Inc. serves as a joint lead arranger and a joint bookrunner HSBC Bank USA, National Association acts as a syndication agent, and Morgan Stanley Bank, N.A. acts as a documentation agent. JPMorgan Chase Bank, N.A., HSBC Bank USA, National Association and Morgan Stanley Bank, N.A. are lenders under the Revolver. Furthermore, certain of the underwriters or their affiliates have made commitments to provide us with the Bridge Credit Facility in an aggregate amount of up to €1.65 billion in connection with the Tender Offer. The Bridge Credit Facility provides that, subject to certain exceptions, net cash proceeds received by Otis and certain of its subsidiaries from certain sales of assets, equity issuances and debt incurrences, including the issuance of Notes, shall, during the commitment period, result in mandatory prepayments or commitment reductions under the Bridge Credit Facility. See “Recent Developments” and “Use of Proceeds.”

In the ordinary course of their various business activities, the underwriters and their affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account or the account of customers. Such investment and securities activities may involve securities and instruments of the issuer or its affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the securities offered by this prospectus supplement in any jurisdiction where action for that purpose is required. The securities offered by this prospectus supplement may not be offered or sold, directly or indirectly, nor may this prospectus supplement or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus supplement in any jurisdiction in which such an offer or a solicitation is unlawful.

With respect to the unaudited financial information of Otis for the three-month periods ended March 31, 2021 and 2020, the six-month periods ended June 30, 2021 and 2020, and the nine-month periods ended September 30, 2021 and 2020 incorporated by reference in this prospectus, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. ABOUT OTIS WORLDWIDE CORPORATION

Otis Worldwide Corporation (“Otis”) is the world’s leading elevator and escalator manufacturing, installation and service company. Our operations are classified into two segments: New Equipment and Service. Through the New Equipment segment, we design, manufacture, sell and install a wide range of passenger and freight elevators, as well as escalators and moving walkways, for residential and commercial building and infrastructure projects. The Service segment provides maintenance and repair services for both our products and those of other manufacturers, and provides modernization services to upgrade elevators and escalators.

Otis (New York Stock Exchange: OTIS) is a Delaware corporation. On November 26, 2018, United Technologies Corporation, subsequently renamed to Raytheon Technologies Corporation on April 3, 2020 (“UTC”), announced its intention to spin-off its Otis reportable segment and its Carrier reportable segment into two separate publicly-traded companies (the “Separation”). On April 3, 2020, Otis became an independent publicly-traded company through a pro-rata distribution of 0.5 shares of Common Stock for every share of UTC common stock held at the close of business on the record date of March 19, 2020 (the “Distribution”). Otis began to trade as a separate public company on April 3, 2020.

Otis’ principal executive offices are located at One Carrier Place, Farmington, Connecticut 06032, and its telephone number at that location is (860) 674-3000.

Highland also may hold any position as, and exercise the functions of, general partner, manager or director in any company with a registered office in the Grand Duchy of Luxembourg that belongs to the same group of companies as Highland.

ABOUT THIS PROSPECTUS

This prospectus is a part of a registration statement that we filed on Form S-3 with the SEC under a “shelf” registration process. Under this shelf registration process, Otis and/or certain selling securityholders may, from time to time, offer and sell, either separately or together, common stock, debt securities, preferred stock units and/or warrants in one or more offerings, and Highland may, from time to time, offer and sell debt securities, which will be fully and unconditionally guaranteed by Otis.

Each time Otis, Highland and/or any selling securityholder offers and sells securities, it will provide a prospectus supplement or other type of offering document or supplement (together referred to herein as a “prospectus supplement”) that will contain specific information about the terms of that offering. Any applicable prospectus supplement or free writing prospectus may also add, update or change information contained in this prospectus, and accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in such applicable prospectus supplement or free writing prospectus. You should read this prospectus and any applicable prospectus supplement together with the additional information described under the heading “Where You Can Find More Information.”

This prospectus and any prospectus supplement may contain summaries of certain provisions contained in documents described in this prospectus or any prospectus supplement. All of the summaries are qualified in their entirety by the actual documents, which you should review before making your investment decision. Copies of the documents referred to herein have been filed, or will be filed or incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under “Where You Can Find More Information.”

You should rely only on the information contained or incorporated or deemed incorporated by reference in this prospectus, in any applicable prospectus supplement or in any free writing prospectus filed by Otis or Highland with the SEC. Neither Otis nor Highland has authorized anyone to provide any information other than that contained in this prospectus or in any prospectus supplement or free writing prospectus prepared by or on behalf of Otis or Highland or to which Otis or Highland may have referred you. Neither Otis nor Highland takes any responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. Neither Otis nor Highland has authorized any other person to provide you with different or additional information, and is not making an offer to sell securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus is accurate only as of the date hereof or, in the case of information incorporated or deemed incorporated by reference herein, as of the date thereof, regardless of the time of delivery of the prospectus or any sale of securities. Otis’ and Highland’s business, financial condition, results of operations and prospects may have changed since the date of such information.

WHERE YOU CAN FIND MORE INFORMATION

Otis files annual, quarterly, and current reports, proxy statements and other information with the SEC. The SEC maintains an Internet website that contains reports, proxy and information statements and other materials that are filed through the Commission's Electronic Data Gathering, Analysis and Retrieval (EDGAR) System or any successor thereto. This website can currently be accessed at www.sec.gov. You can find information Otis has filed with the SEC by reference to file number 001-39221. Such documents, reports and information are also available on Otis' website: www.otis.com. Information on Otis' website does not constitute part of, and is not incorporated by reference in, this prospectus or any accompanying prospectus supplement.

This prospectus does not contain or incorporate by reference separate financial statements for Highland because Highland is a subsidiary of Otis that is indirectly wholly-owned by Otis, and Otis files consolidated financial information under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The financial condition, results of operations and cash flows of Highland are consolidated in the financial statements of Otis.

The SEC allows issuers to "incorporate by reference" the information filed with it, which means that Otis and Highland can disclose important information to you by referring you to those documents. The information that Otis and Highland incorporate by reference is an important part of this prospectus, and later information that Otis and Highland file with the SEC will automatically update and supersede this information. We also incorporate by reference the documents listed below and any future filings we make with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act, other than any such documents or portions thereof that are furnished under Item 2.02 or Item 7.01 of a Current Report on Form 8-K, unless otherwise indicated therein, including any exhibits included with such Items, until the termination of the offering under this prospectus. CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and other materials Otis and Highland have filed or will file with the SEC contain or incorporate by reference statements which, to the extent they are not statements of historical or present fact, constitute “forward-looking statements” under the securities laws. From time to time, oral or written forward-looking statements may also be included in other information released to the public. These forward-looking statements are intended to provide management’s current expectations or plans for Otis’ future operating and financial performance, based on assumptions currently believed to be valid. Forward-looking statements can be identified by the use of words such as “believe,” “expect,” “expectations,” “plans,” “strategy,” “prospects,” “estimate,” “project,” “target,” “anticipate,” “will,” “should,” “see,” “guidance,” “outlook,” “confident,” “goals” and other words of similar meaning in connection with a discussion of future operating or financial performance or the Separation (as defined below) from UTC. Forward-looking statements may include, among other things, statements relating to future sales, earnings, cash flow, results of operations, uses of cash, dividends, share repurchases, tax rates, R&D spend, credit ratings, net indebtedness and other measures of financial performance or potential future plans, strategies or transactions of Otis and Highland, including synergies or customer cost savings, and other statements that are not historical facts. All forward-looking statements involve risks, uncertainties and other factors that may cause actual results to differ materially from those expressed or implied in the forward-looking statements. For those statements, Otis and Highland claim the protection of the safe harbor for forward-looking statements contained in the U.S. Private Securities Litigation Reform Act of 1995. Such risks, uncertainties and other factors include, without limitation:

- the effect of economic conditions in the industries and markets in which Otis and its businesses operate in the U.S. and globally and any changes therein, including financial market conditions, fluctuations in commodity prices, interest rates and foreign currency exchange rates, levels of end market demand in construction, the impact of weather conditions, pandemic health issues (including COVID-19 and its effects, among other things, on global supply, demand, and distribution disruptions as the coronavirus outbreak continues and results in an increasingly prolonged period of travel, commercial and/or other similar restrictions and limitations), natural disasters and the financial condition of Otis’ customers and suppliers;
- challenges in the development, production, delivery, support, performance and realization of the anticipated benefits of advanced technologies and new products and services;
- future levels of indebtedness, capital spending and research and development spending;
- future availability of credit and factors that may affect such availability, including credit market conditions and Otis’ capital structure;
- the timing and scope of future repurchases of Otis’ common stock, which may be suspended at any time due to various factors, including market conditions and the level of other investing activities and uses of cash;
- fluctuations in prices and delays and disruption in delivery of materials and services from suppliers;
- cost reduction or containment actions, restructuring costs and related savings and other consequences thereof;
- new business and investment opportunities;
- the anticipated benefits of moving away from diversification and balance of operations across product lines, regions and industries;
- the outcome of legal proceedings, investigations and other contingencies;
- pension plan assumptions and future contributions;
- the impact of the negotiation of collective bargaining agreements and labor disputes;
- the effect of changes in political conditions in the U.S., including the new U.S. administration, and other countries in which Otis and its businesses operate, including China's response to the new U.S. administration and the United Kingdom's recent withdrawal from the European Union, on general market conditions, global trade policies and currency exchange rates in the near term and beyond;

TABLE OF CONTENTS

- the effect of changes in tax, environmental, regulatory (including among other things import/export) and other laws and regulations in the U.S. and other countries in which Otis and its businesses operate;
- the ability of Otis and its businesses to retain and hire key personnel;
- the scope, nature, impact or timing of acquisition and divestiture activity, including among other things integration of acquired businesses into existing businesses and realization of synergies and opportunities for growth and innovation and incurrence of related costs;
- the expected benefits of the Separation and the timing thereof;
- a determination by the Internal Revenue Service and other tax authorities that the Separation or certain related transactions should be treated as taxable transactions;
- the risk that dis-synergy costs, costs of restructuring transactions and other costs incurred in connection with the Separation will exceed Otis' estimates; and
- the impact of the Separation on Otis' businesses and Otis' resources, systems, procedures and controls, diversion of management's attention and the impact on relationships with customers, suppliers, employees and other business counterparties.

The above list of factors is not exhaustive or necessarily in order of importance. For additional information on identifying factors that may cause actual results to vary materially from those stated in forward-looking statements, see the discussions under "Risk Factors." In addition, Otis discusses certain of these matters more fully, as well as certain other factors that may affect its business operations, financial condition and results of operations, in its filings with the SEC, including its Registration Statement on Form 10, quarterly reports on Form 10-Q and current reports on Form 8-K. Any forward-looking statement speaks only as of the date on which it is made, and Otis assumes no obligation to update or revise such statement, whether as a result of new information, future events or otherwise, except as required by applicable law.

SUMMARIZED FINANCIAL INFORMATION

The following tables set forth summarized financial information of each of Otis and Highland on a standalone basis, which does not include the consolidated impact of the assets, liabilities, and financial results of its subsidiaries except as noted on the tables below; nor does it include any impact of any intercompany eliminations as there were no intercompany transactions between Otis and Highland. This summarized financial information has been prepared and presented pursuant to the Securities and Exchange Commission Regulation S-X Rule 13-01, “Financial Disclosures about Guarantors and Issuers of Guaranteed Securities”.

The debt securities to be issued by Highland will be guaranteed on an unsecured, unsubordinated basis by Otis, the parent company of Highland (the “parent guarantor”). Otis’ guarantee will be full and unconditional, and may be subject to certain conditions for release, which will be described in a prospectus supplement relating to the offering of such guaranteed debt securities. The other subsidiaries of Otis (the “non-guarantor subsidiaries”) are not registering guarantees of Highland’s debt securities. For a brief description of the general terms of the debt securities that Highland may offer and the guarantees that Otis, the parent guarantor, may offer, see the information under the heading “Description of Debt Securities of Highland Holdings S.à r.l.” and “Description of Guarantees of Otis Worldwide Corporation” in this prospectus. A prospectus supplement or other type of offering document or supplement will further contain specific information about the terms of the particular debt securities being offered. Holders of the guaranteed registered debt securities issued by Highland will have a direct claim only against Highland, as issuer, and Otis, as guarantor.

The following tables present summarized income statement information in U.S. Dollars for the nine months ended September 30, 2021 and the year ended December 31, 2020 (in thousands), and summarized balance sheet information as of September 30, 2021 and December 31, 2020. RISK FACTORS

You should carefully consider any specific risks set forth under the caption “Risk Factors” in the applicable prospectus supplement, under the caption “Risk Factors” included in the information statement filed with the SEC as part of Otis’ registration statement on Form 10, as amended, which was originally publicly filed on February 7, 2020 and subsequently amended, and under the caption “Risk Factors” in any of Otis’ subsequent annual reports on Form 10-K and quarterly reports on Form 10-Q incorporated by reference in this prospectus, before making an investment decision. For more information, see “Where You Can Find More Information.”

USE OF PROCEEDS

The net proceeds from the sales of the securities will be set forth in the applicable prospectus supplement. Unless the applicable prospectus supplement specifies otherwise, Otis will not receive any of the proceeds from a sale of securities by any selling securityholder.

PLAN OF DISTRIBUTION

Otis, Highland and/or any selling securityholders may sell securities, separately or in combination, in one or more of the following ways:

- to or through underwriting syndicates represented by managing underwriters;
- through one or more underwriters without a syndicate for them to offer and sell to the public;
- through dealers or agents; or
- directly to investors.

The securities Otis, Highland and/or the selling securityholders distribute by any of these methods may be sold to the public, in one or more transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

Otis and/or Highland may sell securities from time to time to one or more underwriters, who would purchase the securities as principal for resale to the public, either on a firm-commitment or best-efforts basis. If Otis and/or Highland sells securities to underwriters, it may execute an underwriting agreement with them at the time of sale and will name them in the applicable prospectus supplement. In connection with those sales, underwriters may be deemed to have received compensation from the applicable issuer in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agents. Underwriters may resell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for whom they may act as agents. The applicable prospectus supplement will include any required information about underwriting compensation the applicable issuer pays to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with an offering of securities.

Otis and/or Highland may solicit offers to purchase securities directly from the public from time to time. Otis and/or Highland may also designate agents from time to time to solicit offers to purchase securities from the public on their behalf. If required, the applicable prospectus supplement relating to any particular offering of securities will name any agents designated to solicit offers, and will include information about any commissions the applicable issuer may pay the agents, in that offering. Agents may be deemed to be “underwriters” as that term is defined in the Securities Act.

From time to time, Otis and/or Highland may sell securities to one or more dealers acting as principals. The dealers, who may be deemed to be “underwriters” as that term is defined in the Securities Act, may then resell those securities to the public.

Any underwriter or agent involved in the offer and sale of any securities will be named in the applicable prospectus supplement.

Underwriters, agents and dealers may be entitled, under underwriting or other agreements with Otis and/or Highland, to indemnification against certain civil liabilities, including liabilities under the Securities Act. Unless otherwise stated in, or incorporated by reference into, a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series of securities, if any are purchased.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales.

Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or slowing a decline in the market price of the securities while an offering is in progress.

TABLE OF CONTENTS

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

Certain of the underwriters, dealers or agents and their affiliates may engage in transactions with and perform services for Otis and/or Highland in the ordinary course of their businesses.

The applicable prospectus supplement will disclose required information with respect to selling securityholders, if any.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) incorporated in this prospectus by reference to Otis' Annual Report on Form 10-K for the year ended December 31, 2020 have been so incorporated in reliance on the reports of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

With respect to the unaudited financial information of Otis for the three-month periods ended March 31, 2021 and 2020, the six-month periods ended June 30, 2021 and 2020, and the nine-month periods ended September 30, 2021 and 2020 incorporated by reference in this prospectus, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports dated April 28, 2021, July 28, 2021 and October 26, 2021 incorporated by reference herein state that they did not audit and they do not express an opinion on that unaudited financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act of 1933 for each report on the unaudited financial information because that report is not a “report” or a “part” of the registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Act.
